IES Abroad– Vienna: Music

Home to an astounding number of legendary composers—from Haydn, Mozart, and Beethoven to Brahms, Mahler, and Schoenberg—Vienna maintains an incredible richness of musical culture to this day. The world-renowned Vienna Philharmonic Orchestra, the Musikverein, and the Staatsoper are just a few of the many leading institutions that help make Vienna a true "city of music"—and make it the perfect location for an engaging study of Music History and Performance.

Brock University (ISEP)

Brock University is located in St. Catharines, the largest city in the Niagara region, located in south-central Ontario. Also known as "The Garden City," St. Catharines is renowned for its lush parks, gardens and trails. Niagara Falls is only 15 minutes away, and St. Catharines is centrally located between Toronto and Buffalo, USA. You will have many opportunities to get involved outside of the classroom and participate in many events and social excursions on- and off- campus.

Mälardalen University (ISEP)

The cities of Vasteras and Eskilstuna are beautifully situated on either side of Lake Mälaren, one of Sweden's largest inland lakes. Both campuses are centrally located, which adds to the university's attractions and to the vitality of both city centers. Whether a course is offered in Eskilstuna or Vasteras is of little importance, as students and staff travel between the campuses free of charge during working hours.

The cities are large enough to provide a wide range of cultural activities, entertainment, and sporting facilities. The region also provides a range of outdoor leisure activities. The two cities are approximately 100 km from Stockholm and can easily be reached by bus or train within one hour.
