Annual Security and Fire Safety Report

2019

Office of Campus Security
Lehmann Hall—Lower Level
190 Prospect Avenue
Elmhurst, IL 60126
——
630-617-3000
The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal law that requires colleges and universities to disclose specific information about campus crime and security and safety policies. Additionally, as required by the Higher Education Opportunity Act, the College publishes a Fire Safety Report and Missing Persons procedures. The Fire Safety Report contains information about the College’s fire prevention practices and systems, as well as fire-related statistics. The annual report includes reportable data from the previous three calendar years (2016, 2017, and 2018) and is required to be publicly available by October 1 of the subsequent year.

Elmhurst College’s goal is to provide a safe, secure and welcoming campus for the community. As a smaller segment of the community, it is susceptible to the same crimes that can happen anywhere, at any time. The purpose of this report is to alert you to the types of incidents you could encounter during your time at Elmhurst College, and provide you with valuable crime prevention, safety and emergency response information so you can participate in creating a safer campus community by being educated in all of these areas.

This combined report provides annual crime and residential fire safety statistics to comply with the mandatory reporting requirements of both the Higher Education Opportunity Act and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)). This report reflects new provisions to the Clery Act as stipulated in the Violence Against Women Reauthorization Act of 2013 (VAWA) (Public Law 113-4).

Statistics in this report are compiled by the Office of Campus Security based on crimes and arrests reported to the Elmhurst Police Department and various Elmhurst College offices and personnel. All students, faculty and staff are encouraged to report crimes to Campus Security for investigative follow-up and inclusion in the annual report. While direct, timely reports of crimes and incidents are most helpful in maintaining a safe campus community, an anonymous report may be made to the Campus Crime Hotline by dialing STOP (x7867), or using Silent Witness, a web-based reporting system, located at https://www.elmhurst.edu/student-life/campus-safety-security/report-crime-incident/. These alternative reporting methods can provide enough information about incidents and their location to merit inclusion in our Annual Security and Fire Safety Report.

The Annual Security and Fire Safety Report is available online on the Campus Safety and Security website, under Safety and Security Reports at https://www.elmhurst.edu/annual-security-fire-safety-report. Printed copies are available in the Office of Campus Security, located in the lower level of Lehmann Hall.

For more information on campus safety or to obtain a hard copy of this report, please call: (630) 617-3000 or ext. 3000 from any campus phone.

Office of Campus Security
Lehmann Hall—Lower Level
190 Prospect Avenue
Elmhurst, IL 60126

630-617-3000
**Campus Security Authorities**

Campus Security is the primary location for the campus community to report crimes and incidents which occur on campus or the surrounding public streets and sidewalks. Reports may be made in person at the Campus Security office, located in the lower level of Lehmann Hall, or by calling 630-617-3000 (x3000 from a campus phone), to have an officer dispatched to an on-campus location to take the report.

In compliance with federal law, Elmhurst College has designated certain college personnel as Campus Security Authorities (CSAs) by virtue of their role and responsibilities on campus. CSAs are college-affiliated individuals who have been identified as non-law enforcement personnel who have significant responsibility for student and campus activities. CSAs are personnel who may be easily considered by students as persons with authority to assist, report, intervene or address behaviors or activities on campus by students. These people may serve in an official capacity that would allow them to receive information on crimes and incidents on campus. Recognizing that these people may receive information related to crimes on campus, CSAs are obligated to report that information to Campus Security to ensure matters are promptly investigated and the campus is warned of serious and continuing threats to the safety of our community. The reported crimes are also included in our Annual Security & Fire Safety Report.

Campus Security Authorities include:

- **Student Affairs staff**, including the Dean of Students, all Associate and Assistant Deans;
- **Housing and Residence Life staff**, including the Director of Residence Life, Assistant Directors, Head Residents (HRS), and Resident Advisors (RAs);
- **Athletics staff**, specifically Athletic Coaches and Assistant Coaches;
- **Faculty and staff advisors** to student organizations, clubs, and officially sanctioned events;
- **Staff supervisors** of student employees.

Professional and pastoral counselors, functioning within that role at the time a crime is reported, are not considered a CSA. However, while they are not obligated to report crimes and incidents, they are encouraged to inform those they are counseling of the availability of confidential reporting methods which would allow their incident to be included in the College’s crime statistics. For additional information on the Clery Act or CSA crime reporting responsibilities, please visit The Clery Center at [http://clerycenter.org/](http://clerycenter.org/).
Crime Prevention

Elmhurst College has adopted a proactive approach to crime prevention that involves all members of the College community. The program includes security orientation programming for new students, and continuing educational efforts throughout the year. Campus Security is involved in distributing safety literature, initiating the Campus Watch program, hosting guest lecturers, and offering crime prevention presentations across campus. Campus Security also places weekly crime prevention tips on the Campus Portal, and the Crime Watch and shared with the student newspaper.

Crime prevention is a proactive strategy designed to minimize or eliminate criminal opportunity before a crime actually occurs.

The aim of crime prevention is to make it harder for crime to happen.

Personal Safety

Elmhurst College is a safe campus. Nevertheless, just like any college, there are some incidents of crime. Make sure to employ some basic safety practices while you are both on or off campus.

The following are some recommendations to improve your personal safety:

- Stay alert and trust your instincts.
- Know the location of campus emergency phones and know who is in the area to assist you.
- Communicate the message that you are calm and confident and walk purposefully.
- If you feel uncomfortable in a place or situation, leave quickly.
- Never hesitate to contact Campus Security at ext. 3000 in an emergency.
- When walking, it is wise to plan the safest route to your destination and use it.
- The safest alternative is to travel with a friend.
- Elmhurst College operates an escort service 24 hours a day, 365 days per year. Simply call ext. 3000 on campus or (630) 617-3000, provide your location, and an officer will respond to escort you to your destination. PLEASE NOTE: This may be a walking escort.
- Report any individuals behaving in a suspicious manner, or who do not belong in your residence hall or academic building.
- Report any unusual incidents on campus to Campus Security ext. 3000.
- If you live on campus or are alone in a campus building, keep doors and windows locked, especially at night.
- Always find out who is knocking before you open the door.
- Protect keys and access cards.
- Do not leave doors propped open for visitors. Report open doors to Campus Security immediately.
- Report annoying telephone calls, emails, text messages, and internet messages. These are the second most common incidents reported at Elmhurst College. If you are a victim of any of these types of harassment, please report it to Campus Security or your RA, if you are a resident.

If you SEE something, SAY something. Call Campus Security at (630) 617-3000.
All members of our campus community are encouraged and may be required to report criminal incidents to the Office of Campus Security. Any suspicious or suspected criminal activities should also be reported immediately. Members of the campus community are strongly encouraged to report crimes to the Elmhurst Police, in addition to Campus Security, when the victim wishes to do so, or is unable to do so.

Emergencies should be reported at once to Campus Security, in person or via phone at ext. 3000 or to community police, fire or emergency agencies at 9-911. The College has the ability to determine the location of 911 calls from campus phones, and Campus Security officers respond with the police to the location. When possible, emergency calls should be placed from campus phones instead of cell phones to initiate a faster response.

You may choose to report criminal activity anonymously to the S.T.O.P. Campus Crime Hotline. Simply dial: S.T.O.P (7867) from any campus phone and you can leave a confidential message for Campus Security.

You can also leave a confidential message for Campus Security using the Silent Witness program. To do so, simply go to the Campus Security website and click on “SILENT WITNESS.” This service is anonymous, but will ask for a date, time, location, and brief description of the incident. It should not be used for emergency situations requiring immediate response.

Upon receipt of a call, security officers are dispatched immediately to the site of the complaint. Responding security officers work closely with the Elmhurst Police and Fire Departments. If an incident occurs in a residence hall, the response will be coordinated with the Housing and Residence Life staff.

Students involved in incidents at off-campus locations are subject to the College disciplinary process in addition to any criminal charges pursued by law enforcement, as the College’s Code of Conduct applies to student behavior regardless of the location of the incident.

Elmhurst College does not have recognized student organizations with off-campus locations covered under the Annual Security & Fire Safety Report.

As required by the Clery Act, crimes must fall within specifically-identifiable geography for incidents to be included in this report. These areas are: On Campus, On Campus-Residence Hall, Public Property and Non-Campus Property. Please visit page 35 of this report for more information.

**Daily Crime Log**

The Office of Campus Security maintains a Daily Crime Log to record all criminal incidents and alleged criminal incidents that are reported to the Office of Campus Security. The Daily Crime Log typically includes the nature, date, time, general location, brief synopsis and disposition of each incident. The College will not disclose personally identifying information of victims in any public statement or report.

The Daily Crime Log provides crime statistics and information to supplement the College’s Annual Security and Fire Safety Report. This Daily Crime Log is maintained and updated within two business days of the date the crime is reported to the Office of Campus Security. Dispositions on the Daily Crime Log are maintained for 60 days after a crime is included in the log. A copy of the log may be requested from the Office of Campus Security for review. The crime log for the most recent 60-day period is immediately available for public inspection, upon request, during normal business hours. Any portion of the log that is older than 60 days is open to public inspection, upon request, and made available within two business days of the request.
Emergency Blue Light Phones

Emergency Blue Light Phones have been installed at select parking lot locations on campus. There are two located in the Alexander lot, one in the Mill Theater lot, one in the West Hall lot, and one in the Science Center lot. These phones are programmed to directly dial Campus Security. In an emergency, the caller can activate the phone by pressing a red button located on the face of the unit. Once the emergency phone is activated, a blue strobe light located at the top of the unit will begin to flash and an officer will be dispatched to provide assistance.

Campus phones, provided for emergency reporting, are installed in vestibules or public areas of classroom and administrative buildings and additionally in the hallways of the residence halls. The caller will be asked to remain on the line until the officer reaches the area.

Law Enforcement Authority

Elmhurst College is a 24-hour, 365 day a year non-sworn security department that offers safety and security protection to the College campus community and property. Elmhurst College does not have its own police department, and our security patrol officers do not have police authority through their College employment. However, many of our security staff have law enforcement training and experience, and several are sworn municipal police officers in nearby jurisdictions.

The Elmhurst Police Department, headquartered just a few blocks from campus, is the primary law enforcement agency responsible for police response to campus, filing of official law enforcement reports, and follow-up for criminal investigations. The Elmhurst Police patrol campus and respond to emergency calls on campus as they would to any other property within their jurisdiction. The College has a Memorandum of Understanding with the Elmhurst Police Department for response to emergencies and handling calls for service on campus. The College’s Office of Campus Security works closely with the Elmhurst Police Department to provide a cooperative, coordinated emergency response to any on-campus incidents.

Elmhurst College strongly encourages members of our campus community to immediately report all crimes, incidents and suspicious activity to Campus Security and the Elmhurst Police Department. As a general practice, those people who choose to report crimes to the Office of Campus Security will also be given the opportunity to make a police report with the Elmhurst Police. The police department will take action to initiate any criminal investigation. It is common for the College to conduct investigations in support of the College’s disciplinary and conduct processes, and to assist the police with on-campus investigations as needed.
The best way to prepare for an emergency is to know what to do when an emergency arises! At Elmhurst College, we provide, post and distribute a variety of resources to educate our community members on safety and emergency response topics. At the beginning of each academic year, all students, faculty and staff receive our Emergency 101 educational messages, distributed in five lessons, covering basic emergency procedures information. Emergency procedures flip books are made available to all faculty, staff and new students each year, and offered to all returning students upon request and at various security presentations and events. Emergency instruction reference sheets are posted for easy reference in classrooms and meeting spaces, and periodic awareness messages are sent to the relevant campus groups by e-mail.

In the interest of protecting life and preventing harm, Campus Security staff are authorized to confirm the existence of an emergency situation, activate our emergency systems, notify local authorities for additional assistance, and take other response actions based on existing procedures, prior to notifying the senior administration of the College. Our emergency notification systems include:

- **Emergency Broadcast System** – This is our primary, on-campus emergency voice-notification system with over 200 speakers inside major campus buildings, along with speakers covering major outside areas on campus. The system features an alert tone followed by a voice message providing a short description of the emergency and appropriate instructions. Emergency Broadcast System messages are delivered to all speakers in all locations at once, and there is no option to selectively isolate the message to a particular building or location.

- **EC-Alert** – This is our emergency text/e-mail/voice-call system used as a back-up to the Emergency Broadcast System and as a way to notify those who may be near campus or on the way to campus. Emergency notifications impacting the main campus are broadcast to all registered users of the system. This system is also used to announce school closings due to severe weather. Messages sent through this system are automatically added to the College’s website and the Campus Security Facebook page.

  **IMPORTANT:** You must register online at the Campus Security webpage, or at the end of online class registration, to receive emergency messages through EC-Alert.

- **Campus Webpage** – Emergency updates will be periodically posted on the Elmhurst College website.

- **Outdoor Tornado Warning Sirens** – These sirens are maintained and activated by the City of Elmhurst, and can generally be heard from campus.

The Emergency Broadcast Systems and EC-Alert both have a series of pre-programmed messages for a variety of emergency situations, and the systems can also be used to provide additional, “live” announcements and updates as more information becomes known. In compliance with Federal law, these systems would be activated after confirmation of a significant emergency threatening the health or safety of those on campus, unless responsible authorities determine that issuing the notification will compromise efforts to assist victims, or to contain, respond to or mitigate the emergency.

In the event that a campus-based emergency situation could impact the surrounding community, Elmhurst College has extended EC-Alert registration to police and fire department command staff, Elmhurst Memorial Hospital emergency management coordinators, and senior administrators of the local school district. The Elmhurst Police Department would be responsible for further notification to the surrounding community.

For less time-sensitive notification when there is not an immediate emergency threatening the safety of the campus community, the following notification methods may be used:

- Campus E-mail
- Posted Alerts
- Campus Web Portal Announcement
Timely Warnings and Crime Alerts

If a major safety incident occurs on campus, the Office of Campus Security will issue Timely Warnings through the EC-Alert system, which is a mass notification system that utilizes email, SMS text, telephone calls, website updates, social media posts and other notification routes to advise campus community members. Additionally, Crime Alerts may be posted on the doors of campus building entrances. These warnings are in compliance with the “Timely Warning” provision of the Clery Act. These warnings and alerts are used when there has been a crime or incident on or near campus which poses some safety threat to members of the campus community. In instances where there is no immediate danger to the community, a Crime Alert may be distributed to the College community by campus e-mail, displayed on the campus portal, and printed copies may be posted in various high-visibility locations around campus. Alerts are determined on a case-by-case basis.

Emergency System Tests and Procedures

Emergency systems and evacuation procedures at Elmhurst College are tested on a periodic basis on the following schedule:

- The Emergency Broadcast System is tested twice at the beginning of the Fall and Spring semesters, during morning and evening classes, and once at the beginning of Summer and January Term during morning classes. These tests are publicized in advance.

- EC-Alert is tested once at the beginning of the Fall and Spring semesters, and once at the beginning of Summer and January Term, at the same time as the morning Emergency Broadcast System tests. Since this system is managed by a contracted service provider, the system is regularly maintained, monitored and tested by the service provider.

- Complete fire alarm system tests are performed during the Summer for all campus buildings. Residence hall fire alarms undergo another test at mid-year, during the Winter break.

- Timed, unannounced residence hall fire drills are conducted at the beginning of the Fall semester, providing another test of the residence hall fire alarm annunciation system. Buildings which fail a 3-minute evacuation time will be subject to follow-up, unannounced fire drills until the 3-minute time target is achieved.

- On an annual basis, the College will perform an emergency procedures drill or evacuation exercise, with an evaluation following the exercise to aid in assessing and improving performance. While fire drills and exercises involving core emergency response personnel may be unannounced, exercises involving the general population of the campus will be announced in advance to avoid undue distress.
Access and Security of College Residence Halls & Facilities

Resident students are responsible for making their visitors and guests aware of College policies, and residents may be held responsible for the conduct of their visitors and guests. Access to residence halls is limited to residents and their invited visitors and guests through designated entrances. All campus residence halls remain locked 24/7. Dual purpose buildings with both residential and office or classroom space are segmented and secured so that access to residential areas is locked. All residential facilities are networked into the College’s electronic access control system. Resident students are issued proximity cards and hard keys to access residential buildings.

Many athletic and cultural events on campus are open to the public. The College’s bookstore, library, academic buildings, administrative and dining facilities are also open to the public during regular business hours. Academic buildings are usually open during the day and evening hours and as needed on weekends.

Elmhurst College is committed to campus safety and security. Exterior lighting and landscape control is a critical part of that commitment. The Facilities Department maintains the College’s buildings and grounds, including lighting, walks, roadways, and landscaping, and conducts routine checks of lighting on campus. Campus Security officers regularly patrol campus and report malfunctioning lighting and unsafe physical conditions to the Facilities Department for correction. Community members are encouraged to report any deficiency in lighting or other unsafe facility conditions to Campus Security at (630) 617-3000.

To report any safety or security hazards you may encounter, contact Campus Security at (630) 617-3000. Housing and Residence Life can also be contacted for non-emergency safety or security hazard concerns in the residence halls at (630) 617-3150. For safety or security hazard concerns in the residence halls after hours, contact the Campus Security at x3000, from any campus phone.
Building Access Control

The exterior doors or wing doors to living areas in all campus residence halls remain locked 24 hours a day and are controlled by individually coded access cards and keys. Students are advised to keep their individual room door locked as well. Visitors must contact a resident to be granted access to the residence halls and must be escorted by a student or staff member at all times while on campus.

Entrances to classroom and administrative buildings are locked when classes and other events are not scheduled in the buildings. Access cards are issued to employees with a need to enter locked buildings. During locked periods, security officers are available to permit pre-identified, authorized persons access to these buildings.

Alcohol and Drugs

The College has the obligation to uphold federal, state and local laws with regard to possession, use, and sale of alcoholic beverages and illegal drugs. The College will not protect students from legal investigations and will cooperate with legal authorities when necessary.

**Alcohol:** The legal age for the possession and use of all alcoholic beverages in Illinois is 21 years of age. Fraudulent identification for the purpose of securing alcoholic beverages and/or purchasing such beverages for minors is a violation of state and local law. Students who are 21 years of age may use alcoholic beverages of any category in their rooms when the doors are closed and students under 21 years of age are not present. By College policy, alcohol served at College events must be approved by the President of the College.

**Drugs:** Sale, distribution, use, or possession of illegal chemical substances or paraphernalia for chemical use is prohibited on Elmhurst College property. Elmhurst College also prohibits the manufacture, possession, distribution or use of synthetic marijuana, bath salts, incense and other materials marketed or generally recognized to simulate the intoxicating effects of unlawful substances, regardless of their current legal status.

Statistics show that alcohol and drug use contribute to both the occurrences of crime, as well as victimization. To help control the problems of drinking and drug use, various offices on campus conduct a range of programs, alone and as cooperative efforts, to reduce underage drinking, binge drinking, drug use and impaired driving among Elmhurst College students. This is accomplished through the distribution of literature, programming tailored to the general population and high-risk groups, and use of assessment tools to assist students at risk. The Wellness Center coordinates use of alcohol and drug abuse assessment tools to address alcohol and drug misuse and treatment.
Missing Student Protocol

Elmhurst College has a specific procedure for responding to reports of missing resident students, which is in compliance with applicable law and with the safety of our students firmly in mind.

The following is a summary of the key points of that procedure:

- Resident students have the option to provide Elmhurst College with confidential contact information, including name, address, home and cell phone numbers, and optionally an e-mail address, for a person to contact in case the student is determined to be missing for more than 24 hours. For resident students under the age of 18 who are not emancipated minors, Elmhurst College will contact the custodial parent or guardian of record for the student. If no confidential contact information is provided and the student is 18 or older, the matter will be reported to the Elmhurst Police Department.
- Resident students shall provide Elmhurst College with personal contact information, which shall include the student’s cell phone number and e-mail address. This information shall only be used for contacting the student in an emergency situation. A missing person report is considered an emergency by the College.
- All members of the College community are encouraged to immediately notify Campus Security to make an official report of any missing resident student.
- If the College is unsuccessful in locating the student, the investigation will be turned over to the appropriate local law enforcement agency no later than 24 hours after the initial report, and sooner if there is any concern that the student may be in distress or the student is determined to be missing for more than 24 hours. At this time, the notified police agency becomes the authority in charge, and the Office of Campus Security will assist them in the investigation.
- The Vice President for Student Affairs or their designee will be responsible for communicating with the family of the missing person.

While this policy addresses resident students, Elmhurst College will assist law enforcement agencies with investigating reports of missing non-resident students. The applicable police agency maintains the responsibility for initiating that investigation.

Sex Offender Registry

The Illinois State Police operates and maintains online access to registered sex offender data, searchable by name or location. Use of the registry is one tool to help protect your safety, and we especially recommend that those students residing off-campus periodically check the registry for nearby offenders. Access to this online sex offender registry can be obtained at [http://www.isp.state.il.us/sor/](http://www.isp.state.il.us/sor/), which is also on the Elmhurst College Campus Security website. Please note that the system only provides information related to sex offenses qualifying by law for the registry, and is not a complete record of a person’s criminal history. The College does not maintain the information in the registry, and is not responsible for its accuracy.

To comply with Illinois law, registered sex offenders are required to register in person with the Executive Director of Security & Emergency Management or the Assistant Director of Campus Security within three days of registering for classes at Elmhurst College or accepting employment with Elmhurst College, regardless of work location. Registered sex offenders are also required to update that registration when employment or enrollment status changes, and at the beginning and end of each academic term.
Elmhurst College Non-Discrimination and Non-Harassment Policy

1) Statement Against Discrimination, Harassment, Retaliation, and Intimidation

It is the policy of Elmhurst College (the College) to afford equal opportunity to and not discriminate against students, employees, and applicants regardless of race, color, national origin, religion, sex, gender identity, sexual orientation, age, disability, citizenship, veteran status, pregnancy, marital status, or other protected status as those terms are defined by applicable federal, state, and local law.

The College believes that all employees and students should be able to work and learn in an educational environment free from discrimination and harassment. Harassment includes unwelcome conduct, whether verbal, physical, written or graphic, that is based on protected status such as race, color, national origin, religion, sex, gender identity, sexual orientation, age, disability, citizenship, veteran’s status, pregnancy, marital status or other protected status.

The College does not discriminate and will not tolerate discrimination against any member of its community that is based on protected status. Nor will it tolerate harassing conduct that affects tangible job or educational benefits or that interferes unreasonably with an individual’s work or academic performance or that creates an intimidating, hostile or offensive working, educational or learning environment. Such conduct shall be considered discriminatory harassment and is specifically prohibited by this policy.

The College is committed to addressing sexual assault and sexual exploitation, which are types of sexual harassment and are specifically prohibited by this policy. Domestic violence, dating violence, stalking, retaliation, and intimidation are also prohibited by this policy.

Examples of conduct that may violate this policy are:
Verbal abuse, slurs, derogatory comments or insults about, directed at or made in the presence of an individual or group based on a protected status.
Display or circulation of written materials or pictures that are degrading, based on protected status.
Damage to, trespass to or unauthorized use of property, such as spraying or scratching of a motor vehicle, damage or theft of property, based upon protected status.
Physical contact or verbal threats based upon the protected status.

Conduct of this sort is prohibited by this policy without regard to whether the conduct would violate applicable law. Any employee, student, vendor, or affiliated person who engages in prohibited discrimination or harassment will be subject to disciplinary action up to and including permanent exclusion from the College or termination in the case of employees.

a. Retaliation is a very serious violation of this policy and should be reported immediately to any of the persons listed in this policy. Retaliation exists when action is taken against a complainant or participant in the complaint process that (i) adversely affects the individual’s opportunity to benefit from the College’s programs or activities; and (ii) is motivated in whole or in part by the individual’s participation in the complaint process. Retaliation against any individual for reporting discrimination or harassment will not be tolerated and will be treated as a separate and independent violation of this policy.

b. Intimidation of any individual undertaken to prevent reporting of violations or cooperating with investigations is also prohibited under this policy. Each alleged or suspected violation will be investigated and resolved using the procedure set forth below in Section 10 regarding the formal complaint resolution procedure.

Individuals who are not themselves complainants, but who assist in a discrimination or harassment investigation, are also protected from retaliation and intimidation under this policy.

Complaints of discrimination, harassment, retaliation, or intimidation should be reported to the Title IX Coordinator and will be resolved through the appropriate College resolution procedure as determined based on the specific facts of the complaint and the parties involved. This includes sex discrimination complaints that are not based on sexual misconduct and interpersonal violence, as defined in Section 3 below.
2) **Title IX and the Role of the Title IX Coordinator**

Title IX is a federal law that prohibits sex discrimination in federally funded education programs and activities. Title IX states as follows:

“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance.”

Discrimination on the basis of sex (i.e., sex discrimination) includes sexual harassment, sexual assault and sexual exploitation. As noted above, it is the policy of the College to provide an educational environment free of all forms of sex discrimination including, but not limited to, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment, as defined in this policy and as otherwise prohibited by state and federal statutes. Sexual harassment, including acts of sexual assault and sexual exploitation, is a form of sex discrimination and is prohibited. This prohibition against discrimination on the basis of sex applies to all students, faculty and staff, to other members of the College community, and to contractors, consultants, and vendors doing business or providing services to the school.

The Title IX Coordinator is responsible for implementing and monitoring Title IX compliance on behalf of Elmhurst College. This includes coordination of training, education, communications, and administration of the complaint and grievance procedures for the handling of suspected or alleged violations of this policy. Any inquiries regarding Title IX or the College’s Prohibition Against Sexual Misconduct and Interpersonal Violence should be directed to the College’s Title IX Coordinator, who will be available to meet with or talk to individuals regarding these issues.

The Title IX Coordinator for the College is:

**Dr. Phil Riordan**  
Vice President for Student Affairs  
Frick Center 240  
Elmhurst College  
190 Prospect Avenue  
Elmhurst, IL 60126  
(630) 617-3050  
phil.riordan@elmhurst.edu

If you have a concern that your rights are being violated (whether student, faculty, or staff), you should follow the procedures set forth in this policy (if you are a student or staff member) or the Faculty Manual (if you are a faculty member). If you are not sure who to go to or believe you have a complaint that falls under Title IX, you may reach out directly to the Title IX Coordinator. If the complaint relates to the Title IX Coordinator, you may contact the Vice President for Finance & Administration. In addition to contacting the Title IX Coordinator, in instances of alleged or suspected sexual harassment, sexual assault, sexual exploitation, dating violence, domestic violence, stalking or other potentially criminal conduct, you may contact Campus Security at (630) 617-3000 or the local police by calling 911. Finally, complaints concerning the application of Title IX at Elmhurst College may also be referred to the United States Department of Education Office for Civil Rights. Additional information and resources regarding these issues are available on the Campus Security website and is outlined below.

3) **Prohibition Against Sexual Misconduct and Interpersonal Violence**

This section supplements the general policy statement set forth above and includes information that addresses the requirements of Title IX of the Education Amendments of 1972 ("Title IX"), the Violence Against Women Reauthorization Act of 2013 (VAWA), and the Illinois Preventing Sexual Violence in Higher Education Act. In determining whether a hostile environment based on sex exists in the educational setting, the College will consider whether there was harassing conduct based on sex that was sufficiently serious—that is, sufficiently severe or pervasive—to deny or limit a student’s ability to participate in or benefit from the College’s program.

With regard to students, this policy is intended to prohibit sex discrimination or sexual harassment as a basis for determination on issues including: (1) admission; (2) educational performance required or expected of a student; (3) attendance or assignment requirements; (4) to what courses, fields of study, or programs the student will be
admitted; (5) what placement or proficiency requirements are applicable; (6) the quality of instruction; (7) tuition or fee requirements; (8) scholarship opportunities; (9) co-curricular programs and activities in which the student will participate; (10) any grade the student will receive; (11) the progress of the student toward completion of a program; and (12) what degree, if any, the student will receive.

Sexual misconduct and interpersonal violence are prohibited under this policy without regard to whether the conduct would violate applicable laws. This policy applies to all College employees, students, vendors, and affiliated persons, regardless of sexual orientation or gender identity, and regardless of whether the alleged violations occurred on or off campus.

“Sexual misconduct” encompasses a range of behavior that can include, but is not necessarily limited to, sexual harassment, sexual assault and sexual violence, and sexual exploitation. “Interpersonal violence” can include, but is not necessarily limited to, dating violence, domestic violence, and stalking. Each of these terms are defined below. Sexual misconduct and interpersonal violence can include conduct of a sexual nature that has the purpose or effect of threatening or intimidating the person against whom such conduct is directed or that goes beyond the boundaries of consent.

Anyone who is found by the College to have committed any form of sexual misconduct, interpersonal violence, or other conduct prohibited by this policy, as those terms are defined by the College, is subject to discipline, up to and including termination or expulsion from the College, regardless of whether the accused person has been found criminally responsible for their actions. The College may also investigate alleged violations of this policy received from individuals outside the institution regarding individuals within the College, regardless of the location of the alleged offense. Any student or employee who engages in sexual misconduct or interpersonal violence should be aware that their behavior may be considered criminal under Illinois law and could result in criminal prosecution, as well as disciplinary action by the College. The Appendix provides Illinois criminal law terms and definitions.

a) **Sexual Harassment.** Sexual harassment is unwelcome communication or conduct of a sexual nature. Sexual harassment includes unwelcome sexual advances, requests for sexual favors and/or other physical, verbal or visual conduct based on sex when:

- Submission to such conduct is either explicitly or implicitly made a term or condition of an individual’s employment or a student’s status in a course, program or activity; or
- Submission to or rejection of such conduct by an employee or student is used as the basis for employment or academic decisions; or
- The conduct has the purpose or effect of unreasonably interfering with an employee’s work performance or a student’s academic performance or creating an intimidating, hostile or offensive employment, educational or living environment.

The following is a partial list of unwelcome conduct of a sexual nature, which will generally be considered sexual harassment:

- Physical assaults of a sexual nature, such as rape, sexual assault, sexual battery, molestation, or attempts to commit these acts;
- Unwelcome sexual jokes, language, epithets, advances, or propositions;
- The display of sexually suggestive objects, pictures, magazines, posters, or cartoons;
- Comments about an individual’s body, sexual orientation, sexual prowess, or sexual deficiencies;
- Asking questions about sexual conduct;
- Touching, leering, whistling, brushing against the body, or suggestive, insulting, or obscene comments or gestures;
- Offering or implying an education-related reward, such as favorable reviews, grades, assignments, promotions, continued employment, or promises of the same in exchange for sexual favors; and
- Threatening or taking a negative education-related action, such as unfavorable reviews, grades, or assignments, because sexual conduct is rejected.

b) **Sexual Assault and Sexual Violence.** These are particular types of sexual misconduct that include physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent. Sexual assault and sexual violence include, but are not necessarily limited to, non-consensual sexual contact, non-consensual sexual penetration, and sexual exploitation.
i) **Non-Consensual Sexual Contact.** Non-consensual sexual contact is defined as a person making any intentional sexual contact, no matter how slight, with any body part or object, by a person upon another person without consent (as defined in Section 3.b.iv).

ii) **Non-Consensual Sexual Penetration.** Non-consensual sexual penetration is any sexual penetration (anal, oral, or vaginal, including any contact between mouth and genitals), no matter how slight, using any body part or object by a person upon another person without consent (as defined in Section 3.b.iv).

iii) **Sexual Exploitation.** Sexual exploitation occurs when a person takes non-consensual or abusive sexual advantage of another person or exceeds the boundaries of consent. This behavior does not otherwise fall under the definition of other sexual misconduct offenses in this Policy. Examples of sexual exploitation include, but are not limited to:

- Prostituting another person
- Soliciting or receiving payment or other compensation in exchange for sexual activity
- Non-consensual video or audio-recording of sexual activity
- Distributing, sharing, posting, or threatening to distribute, share, or post images, video, or audio of another person’s sexual activity, intimate body parts, or nudity without consent from the person(s) depicted in the images, video, or audio
- Allowing someone else to watch an individual engage in sexual activity with another person, without the other person’s knowledge or consent
- Watching someone engage in sexual activity without their consent
- Knowingly transmitting a sexually transmitted infection or HIV to another person

iv) **Consent Definition.** Sexual activity requires consent, which is defined as clear, unambiguous, voluntary, positive agreement between the participants, to engage in specific sexual activity.

- Consent is a freely given agreement to sexual activity. Consent to sexual activity can be communicated in a variety of ways, but one should presume that consent has not been given in the absence of clear, positive agreement. While verbal consent is not a requirement for consensual sexual activity, verbal communication prior to engaging in sex helps to clarify consent. Students, therefore, are strongly encouraged to communicate verbally before engaging in sexual activity. However potentially awkward it may seem, talking about your own and your partner’s sexual desires, needs, and limitations is expected to avoid misunderstandings.

- Consent must be clear and unambiguous for each participant at every stage of a sexual encounter. Silence, the absence of verbal or physical resistance, or submission resulting from the use or threat of force does not constitute consent. A prior relationship or prior consent to sexual activity does not indicate consent to future sexual activity. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another person. Nor does a person’s manner of dress constitute consent. Consent can also be withdrawn at any time.

- A person cannot consent to sexual activity if that person is unable to understand the nature of the activity or give knowing consent because they are underage, asleep, unconscious, or mentally or physically incapacitated, either through the use of drugs or alcohol, because of a disability, or for any other reason. Additionally, the use of alcohol or drugs may seriously interfere with the participants’ judgment about whether consent has been sought and given.

- When there is a lack of mutual consent about sexual activity or there is ambiguity about whether consent has been given, a student can be alleged to have, and be found responsible for having committed sexual assault or another form of sexual misconduct. Coercion, force, or threat of force invalidates consent. A person who initially consents to sexual penetration or sexual conduct is deemed not to have consented to any sexual penetration or sexual conduct that occurs after they withdraw consent during the course of that sexual penetration or sexual conduct.

c) **Dating Violence.** The term “dating violence” means violence (including, but not limited to, emotional, physical, sexual, and financial abuse or the threat of such abuse) committed by a person:

- Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
- Where the existence of such a relationship shall be determined based on a consideration of the following factors:
  ◊ The length of the relationship
The type of relationship
- The frequency of interaction between the persons involved in the relationship

Dating violence can include, but is not limited to:
- Sexual abuse or the threat of such abuse
- Battering that causes bodily injury
- Purposely or knowingly causing reasonable apprehension of bodily injury
- Emotional abuse creating apprehension of bodily injury or property damage

d) Domestic Violence. The term “domestic violence” includes felony or misdemeanor crimes of violence committed by:
A current or former spouse or intimate partner of the victim;
A person with whom the victim shares a child in common;
A person who is cohabitating with or has cohabitated with the victim;
A person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies; or
Any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.

e) Stalking. The term “stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for one’s safety or the safety of others, or suffer substantial emotional distress. For the purposes of this definition of stalking:
- “Course of conduct” means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property
- “Reasonable person” means a reasonable person under similar circumstances and with similar identities to the victim
- “Substantial emotional distress” means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling

4) Resources for Survivors of Sexual Misconduct and Interpersonal Violence
The following are resources for individuals who have experienced sexual misconduct or interpersonal violence.

a) Campus Resources
- Campus Security: Lehmann Hall, Lower Level | (630) 617-3000
- Counseling Services: Niebuhr Hall, Lower Level | (630) 617-3565
- Student Health Services: Niebuhr Hall, Lower Level | (630) 617-3565
- Student Affairs: Frick Center, Room 240 | (630) 617-3187
- Housing and Residence Life Staff “On Call”

b) Sexual Assault Crisis Centers and Other External Resources
i) Local Resources
- Family Shelter Service (24 hours a day)
  605 E. Roosevelt Road, Wheaton, Illinois 60187
  Hotline: (630) 469-5650
  Non-emergency Number: (630) 221-8290
- YWCA Patterson and McDaniel Family Center
  2055 West Army Trail Road, Suite 140, Addison, Illinois 60101
  24-hour Rape Crisis Hotline: (630) 971-3927
  Non-emergency Number: (630) 790-6600
- DuPage County State’s Attorney Victim/Witness Coordinator
  505 North County Farm Road, Wheaton, Illinois 60187
  (630) 407-8008

ii) State Resources
5) Reporting Options
There are several methods individuals can use to report violations of this Policy, regardless of where the incident occurred. The College encourages survivors to disclose a report of sexual misconduct or interpersonal violence as soon as reasonably possible, but there is no time limit on reporting these incidents. Anyone who believes they have been a victim of sexual misconduct or interpersonal violence is encouraged to report the incident by following one or more of the procedures described below and to seek medical care and follow-up counseling as soon as possible.

a) Reporting to a Responsible Employee. All College employees, including all College hourly and full-time faculty, staff (other than those in Student Health Services, Counseling Services, and the Confidential Advisor), contract vendor employees, and students identified as Head Residents, Resident Advisers, ELSA Community Advisors, Orientation Student Leaders, and Orientation Transfer Leads are considered responsible employees, meaning they are required to report any alleged incidents of sexual harassment, sexual assault and sexual violence, dating violence, domestic violence, or stalking to the Title IX Coordinator. They are expected to report to the Title IX Coordinator as much detailed information as was made available to them, including the survivor’s name, the accused, or any other relevant details.

Therefore, if a student or employee reports an incident to any responsible employee, that person is obligated to ensure privacy, meaning that information about the incident will only be shared with those who “need to know” in order to effectively respond to the incident and to support the survivor. In order to maintain such privacy, employees, customers, students, vendors, and other persons affiliated with the College who believe they have experienced or have witnessed discrimination or harassment should immediately notify either their supervisor or the Title IX Coordinator, a Title IX Deputy Coordinator, or Campus Security. Contact information for these individuals is provided below.

Title IX Coordinator
Dr. Phil Riordan
Vice President for Student Affairs
(630) 617-3050
phil.riordan@elmhurst.edu

Title IX Deputy Coordinator for Students
Jennifer K. Duffield
Assistant Dean of Students
(630) 617-5199
jenn.duffield@elmhurst.edu

Title IX Deputy Coordinator for Staff
Susan Craig
Executive Director of Human Resources
(630) 617-3020
susan.craig@elmhurst.edu
b) Reporting to a Confidential Advisor. Under Illinois law, students must be afforded the opportunity to report to a confidential advisor. Confidential advisors provide emergency and ongoing support to survivors of sexual violence. They have received at least 40 hours of training on sexual violence, attend a minimum of 6 hours of ongoing education training annually, and have received training on the College’s administrative process, interim measures and accommodations, and complaint resolution procedures. The confidential advisor is able to review this information with a student and participate as a support person in any meeting related to an institutional investigation or grievance procedure, as well as provide guidance for the criminal reporting process. If a student discloses an incident of sexual misconduct or interpersonal violence to a confidential advisor, the advisor is not obligated to share such information with the institution’s Title IX Coordinator or any other College official, and would keep all communication with a survivor completely confidential. Contact information for the College’s designated Confidential Advisor is included below.

Confidential Advisor
Monisha Murjani
Case Manager, Office of Student Affairs
(630) 617-5790
monisha.murjani@elmhurst.edu

The only other staff who are not considered responsible employees are those in the Wellness Center who work in Student Health Services and Counseling Services. These staff members serve as a confidential resource to faculty, staff, and students on campus, meaning that disclosures of such misconduct to Wellness Center staff from a patient would not be shared with the Title IX Coordinator and would be kept confidential per patient privacy rights. Contact information for Wellness Center staff is provided below.

Student Health Services
Niebuhr Hall, Lower Level
(630) 617-3565

Counseling Services
Niebuhr Hall, Lower Level
(630) 617-3565

c) Reporting to the Police. Students can contact the local police to initiate the criminal reporting process, which is separate from the campus reporting process. Elmhurst College Campus Security will support students and employees who wish for assistance working through the criminal reporting process. Conversely, students and employees may seek an investigation through the College and choose not to involve local police. Additional information and resources regarding these issues are available below and on the Campus Security website.

Elmhurst Police Department
125 E. First Street, Elmhurst, Illinois 60126
Emergency Number: 911
Non-Emergency Number: (630) 530-3050

The Rights of Crime Victims and Witnesses Act is an Illinois Law (Illinois Compiled Statutes, Chapter 725, paragraph 120/1 et seq.) intended to ensure that crime victims are treated with fairness and respect for their dignity and privacy throughout the criminal justice system. This law affords crime victims certain rights
in connection with the criminal justice system.

Any criminal or other investigation conducted by law enforcement authorities is separate from an investigation that the College conducts under this Policy and does not relieve the College of its obligations under Title IX, the Preventing Sexual Violence in Higher Education Act, or other applicable law. If law enforcement so requests, the College may decide to delay its investigation for a brief period of time, but will take any interim measures it deems necessary to address the issue before the investigation. If requested to provide information to law enforcement, the College will cooperate with such a request consistent with its privacy obligations under FERPA and other applicable laws.

d) **Reporting Online.** In addition to reporting directly to the Title IX Coordinator, a Title IX Deputy Coordinator, Campus Security, a responsible employee, or a confidential advisor or resource, Elmhurst College faculty, staff, and students can submit a report electronically. The form, available at the link below, allows for anonymous, third party, and bystander reports. The Title IX Coordinator receives reports submitted through this form and directs them to the appropriate Deputy Coordinator for response. The more information a reporter provides, the more readily a Deputy Coordinator can respond to the concern and support the survivor.

   **File a Report**

e) **Receiving Medical Attention.** In any instance of sexual assault, the survivor should consider seeking medical attention as quickly as possible. This will serve to protect evidence and can greatly assist in potentially proving sexual assault occurred. Sexual Assault Nurse Examiners (SANEs) are available at the Elmhurst Hospital Emergency Room and are on call 24/7 to provide free forensic examinations and comprehensive care to sexual assault patients. An evidence kit can be collected up to 7 days after the assault, and a survivor does not need to complete a kit to receive an exam and treatment. The kit also does not need to be released to the police right away. The hospital location and contact information is provided below.

   **Elmhurst Hospital**
   155 E. Brush Hill Road, Elmhurst, Illinois 60126
   Main number: (331) 221-1000

6) **Amnesty Policy**

   Elmhurst College values the health and safety of students who attend the College. Each member of the campus plays a vital role in ensuring the safety of community members and students, as well as their physical health and educational success while at Elmhurst College.

   In certain cases, these situations may require immediate emergency medical assistance or seeking other campus resources. Understanding that these decisions can be complicated by the fear of subsequent disciplinary action, Elmhurst College has developed this policy in an effort to provide an additional layer of protection and encouragement to involved individuals so that they can prioritize the health and safety of our campus community members over the concerns of disciplinary action.

   **Amnesty for Alcohol or Other Drug Consumption**

   Elmhurst College encourages students to seek medical assistance for themselves or others whenever there is a concern for a person’s health or well-being, especially in cases of alcohol intoxication or other drug-related situations.

   If an individual actively seeks medical assistance as outlined below, Elmhurst College will not pursue the conduct process against the following individuals for violations of the College’s Code of Conduct or Housing and Residence Life Policies:
   - Any student(s) actively assisting the intoxicated/drug altered student; and/or
   - The intoxicated/drug altered student

   Actively assisting requires that an individual:
   - Call police/fire/medical assistance at 911 or Campus Security at (630) 617-3000, or seek out another qualified person to help assist the student, such as a Resident Adviser for on-campus students or another
Elmhurst College faculty or staff member; and
- Actively monitor the intoxicated/drug altered student until assistance arrives

Amnesty for Reporters of Sexual Misconduct and Interpersonal Violence
Amnesty also applies to students who report or seek assistance after experiencing an incident of sexual misconduct or interpersonal violence where alcohol or other drug use occurred.

Amnesty for Reporters of Policy Violations
Students are encouraged to report misconduct and crimes. Sometimes, reporting parties or witnesses are hesitant to report to College officials or participate in resolution procedures because they fear that they may be accused of policy violations. It is in the best interest of the College community that reporting parties choose to report to College officials, and that witnesses come forward to share what they know about specific incidents. To encourage reporting, reporting parties and witnesses are offered amnesty from minor drug or alcohol policy violations related to incident that they report. While some policy violations cannot be completely overlooked, educational options will be provided to those who offer assistance to others in need. Amnesty may be granted on a case-by-case basis for other policy violations and will be evaluated by the Assistant Dean of Students/Director of Community Standards.

The following are NOT covered by the Amnesty Policy:
- Violations of the Code of Conduct or Housing and Residence Life Policies other than alcohol and drug policies, and violations of the Non-Discrimination and Non-Harassment Policy
- Students who wait for Campus Security, the Elmhurst Police Department, or Housing and Residence Life Staff to arrive before seeking assistance
- Possession of drugs or alcohol with the intent to distribute
- Actions taken by Elmhurst Police Department or other law enforcement personnel

This policy is also included in full in the 2019-2020 Student Handbook.

7) Title IX Report Response and Assessment
Under federal and state law, Elmhurst College is obligated to provide complainants with concise information regarding their rights and options. For the purpose of report response and assessment and complaint resolution procedures, a “complainant” is the party alleging sexual misconduct or interpersonal violence or to whom the behavior was directed. The “respondent” is the party accused of sexual misconduct or interpersonal violence. A person who reports sexual misconduct or interpersonal violence occurring between individuals and does not include themselves is referred to as a “third party” or “witness.”

Upon receiving a report of sexual misconduct or interpersonal violence, the Title IX Coordinator or designated Deputy Coordinator will request an in-person meeting with the complainant who made the report or about whom the report was made to review the complainant’s rights and options, including but not limited to the following: additional reporting options, privacy rights, contact information for on and off-campus resources, receiving interim measures and accommodations, and a summary of the College’s complaint resolution procedures. If a complainant does not wish to meet with the Title IX Coordinator/Deputy Coordinator, these rights and options will be emailed to the complainant and are available in an electronic format on the College’s Title IX webpage. If a complainant chooses to not initially meet with the Title IX Coordinator/Deputy Coordinator, they are still permitted to request to meet with the Title IX Coordinator/Deputy Coordinator at any future time.

After receiving an initial report of sexual misconduct or interpersonal violence, the Title IX Coordinator must also assess the nature of the allegations, the safety of the involved individuals and the greater College community, the complainant’s preference for resolving the matter, the complainant’s request for confidentiality, and the need for any interim measures to maintain the safety of the complainant or the College community.

a) Confidentiality. The College strongly supports a complainant’s interest in confidentiality in cases involving sexual misconduct or interpersonal violence. To the extent possible, the College will only disclose information regarding such alleged incidents to individuals who are responsible for handling the College’s response.

In the event that a complainant reporting an incident of sexual misconduct or interpersonal violence
requests that their name not be disclosed to the respondent, or that no investigation or disciplinary action be pursued, the Title IX Coordinator will evaluate whether the College can honor the request while still providing a safe and nondiscriminatory environment for all campus community members. The College will consider in particular whether there are any circumstances that suggest that there is an increased risk of the respondent committing additional acts of sexual violence or other violence (e.g., whether there have been other sexual misconduct or interpersonal violence complaints about the same respondent).

If a complainant’s request for confidentiality limits the College’s ability to investigate, the College will take appropriate steps to limit the effects of the alleged misconduct and prevent its recurrence without initiating formal action against the respondent or revealing the identity of the complainant, such as providing increased monitoring, supervision, or security at relevant locations, or providing training and educational materials to students and employees.

Regardless of the College’s decision, the College will take appropriate interim or remedial measures to protect the safety of the complainant and other members of the College community. In the event that the College determines that a request for confidentiality cannot be honored, the College will still limit its disclosure of information regarding the incident to the extent practicable.

b) **Clery Act Compliance and Campus Crime Alerts.** The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act for short) requires that all sex offenses, including sexual assaults, be made known to the campus community through the Annual Security and Fire Safety Report published each year by October 1, which reports statistics from the prior calendar year. Under the Violence Against Women Reauthorization Act of 2013, crimes of domestic violence, dating violence, and stalking must also be reported in the Annual Security and Fire Safety Report. The Report does not include any information that identifies any of the involved individuals.

In addition, where it is determined that the incident may pose a serious, ongoing threat to members of the College community, the Clery Act requires the College to provide a timely warning so that members of the College community are informed so that they may take steps to protect themselves from harm, if necessary. In the event a timely warning is deemed necessary, a mass notification email, referred to as a Crime Alert, is sent to all students and employees on campus and is posted on the College’s website. Crime Alerts may also be posted in the residence halls and various other buildings on campus, and are typically posted in the lobby/entrance area of the building(s) for several days. Updates to the College community about any particular case resulting in a Crime Alert may be distributed via email.

c) **Interim Measures and Accommodations.** Interim measures are available to complainants, regardless of whether the formal complaint resolution procedures are sought by the complainant or by the Title IX Coordinator acting on behalf of the College. Such interim measures can include, but are not limited to, the following:

- Changing or removing the complainant’s housing assignment (at their own request)
- Modifying course, other academic, or work schedules
- Adjusting transportation or dining needs
- Receiving a referral to Counseling Services on campus (at their own request)
- Providing campus escorts through Campus Security
- Issuing a “no contact” order between the respondent and complainant
- Assisting in obtaining a court-issued order of protection
- Issuing a criminal no trespass order for respondents unaffiliated with the College

In situations involving suspected or alleged violations of the Prohibition Against Sexual Misconduct and Interpersonal Violence, the College also reserves the right to take steps to protect the complainant as deemed necessary during the process of the investigation and complaint resolution procedure (e.g., allowing for a change in academic situation, issuing a “no contact” order to the respondent, etc.). Any such interim steps will be taken in a manner that minimizes the burden on the complainant to the extent possible.

In cases where the respondent is a student and is determined to be a threat to others or property, the Title IX Coordinator may impose interim measures such as an interim suspension or restriction/loss of other
campus privileges during the process of an investigation and/or complaint resolution procedure, such as temporary removal from on-campus housing. In cases where the respondent is an employee and is determined to be a threat to others or property, the Title IX Coordinator may impose interim measures such as suspension (with or without pay) or restriction/loss of other campus privileges during the process of an investigation and/or complaint resolution procedure. Interim measures will be kept confidential to the extent that it does not limit the ability of the College to provide the interim measure.

Violations of directives and/or protective measures, such as no contact orders or other restrictions of campus privileges, as part of an interim measure, may result in disciplinary action separate from any sanctions issued for a finding of responsibility in violating the Non-Discrimination and Non-Harassment Policy.

d) Advisors. The complainant and the respondent may request and are permitted to have an advisor of their choice accompany them to any meeting, interview, or proceeding related to an alleged violation of this Policy. The advisor may be a family member, friend, professor, staff member, mentor, attorney, confidential advisor, or any other person they choose. An advisor may not also serve as a witness in an investigation or proceeding about the same matter. The complainant and the respondent must provide the name of their chosen advisor to the Title IX Coordinator or the designated Deputy Coordinator via email at the appropriate individual's College email address at least 48 hours prior to any meeting, interview, or proceeding in which they desire the advisor to be present.

The College cannot guarantee the equality of advisor representation. If the complainant or respondent chooses to have an attorney present as their advisor, the College is under no obligation to provide one for the other party; advisor participation is at the choosing and expense of each party.

The role of the advisor is for emotional support; their participation will be limited to consulting privately with their advisee. An advisor may speak privately to their advisee, but an advisor may not present evidence, question witnesses, write draft statements, speak for their advisee, or otherwise participate directly in the meeting, interview, or proceeding.

The involvement of the advisor may not result in undue delay of any meeting, interview, or proceeding. If an advisor conducts themselves in a manner inconsistent with these expectations, the College official directing the meeting may excuse the advisor and the meeting may continue without the advisor. The Title IX Coordinator will determine whether the advisor may be reinstated or replaced for any subsequent meetings.

8) Prompt, Fair, and Equitable Resolution
Parties have the opportunity to request that the College's investigation and resolution procedures for alleged violations of this Policy begin promptly and proceed in a timely manner. The College will promptly respond to any and all alleged and suspected violations of this Policy about which the College knows or reasonably should know, regardless of where the conduct at issue occurred. The College is committed to providing prompt, thorough, fair, and impartial investigations that treat individuals with respect, dignity, and sensitivity.

9) Resolution Time Frame
The College will strive to complete the resolution procedure, including the imposition of any sanctions, within 60 calendar days of receiving the report, or the date on which the College becomes aware of an alleged violation of the Policy, unless the College determines that additional time is required, in which case the parties will be notified and provided with an explanation of the reason for the extension of the 60-day period.

Any pending criminal investigation or criminal proceeding may have some impact on the timing of the College's investigation, but the College will commence its own investigation as soon as is practicable under the circumstances. The College reserves the right to commence and/or complete its own investigation prior to the completion of any investigation or criminal proceeding, but will cooperate with law enforcement should a criminal proceeding be in progress.

10) Informal Resolution Procedure
Where appropriate, the College will work to informally resolve sexual misconduct or interpersonal violence allegations by taking immediate and corrective action to stop the misconduct, address its effects, and prevent recurrence without a formal investigation and determination of a College policy violation. Informal
resolution may include the range of interim measures in Section 7c above, as well as targeted and/or broad-based training and educational programming for relevant individuals and groups, and/or any other remedy that will achieve the goals of the College’s Non-Discrimination and Non-Harassment Policy. In some circumstances, mediation or joint conflict resolution may be appropriate; however, mediation or face-to-face meetings will never be used to resolve allegations of sexual assault or sexual violence. Participation in informal resolution is voluntary and either party can request to end informal resolution and initiate the formal complaint resolution procedure at any time.

11) Formal Complaint Resolution Procedure
When a report of a violation of the College’s Non-Discrimination and Harassment Policy cannot be informally resolved, a formal resolution will be initiated.

a) **Procedural Expectations.** There are several procedural expectations that the College upholds within the formal complaint resolution procedure.

i) **Rights.** The complainant and respondent are afforded equal rights and access to information throughout the complaint resolution procedure, including timely updates regarding the status of the investigation. These rights include the following:

1) The opportunity to speak on their own behalf.
2) The opportunity to identify witnesses who can provide information about the alleged misconduct.
3) The opportunity to submit evidence on their behalf.
4) The right to have an advisor present at any meeting, interview, or proceeding related to the complaint resolution procedure.
5) The opportunity to request alternative arrangements for a hearing process so that the requesting party is not in the same room at the same time with the other party, but is able, at a minimum, to hear the other party’s testimony.
6) The opportunity to review any information that will be offered by the other party in support of the other party’s position (to the greatest extent possible and consistent with FERPA or other applicable laws).
7) The right to not be cross-examined or questioned directly by the other party.
8) At the discretion and direction of the individual or individuals resolving the complaint, the opportunity to suggest questions to be posed by the individual or individuals resolving the complaint and respond to the other party.
9) The right to be informed of the outcome of the process (to the greatest extent possible and consistent with FERPA or other applicable laws).
10) The opportunity to appeal the outcome of the process.

ii) **Conflict of Interest.** The College requires any individual participating in the investigation, sanctioning, appeal, or other resolution of complaints under this Policy to disclose any potential or actual conflict of interest. The complainant and respondent will both receive notice of the individuals or individuals with authority to make a finding or impose a sanction before those individuals initiate contact with either party. If either the complainant or respondent believes anyone involved in the investigation, sanctioning, appeal, or resolution process has a bias or conflict of interest, the party should notify the Title IX Coordinator within three (3) calendar days of receiving notice of the name of the individual participating in the complaint resolution procedure or appeal process—which can include faculty or staff members assigned as Investigators, sanctioning officials, or the Appellate Officer—and request a substitution of that individual. This notice to the Title IX Coordinator must include a description of the conflict. If it is determined that a conflict of interest does exist, the College will take steps to address the conflict as appropriate to maintain an impartial process.

iii) **Standard of Proof.** The standard used to determine whether the Non-Discrimination and Non-Harassment Policy has been violated is the preponderance of the evidence standard, meaning whether it is more likely than not that the respondent has violated the Policy based on all relevant information collected during the complaint resolution procedure.

b) **Investigations.** A formal complaint resolution procedure includes a prompt, thorough, and impartial investigation into the allegations of a violation of the Non-Discrimination and Non-Harassment Policy and potentially the College’s Community Standards. Investigations are conducted by designated College employees appointed by the Title IX Coordinator who have received 8-10 hours of annual training regarding
the College’s policies and the investigation of, and other issues relevant to, sexual harassment, sexual assault and sexual violence, dating and domestic violence, and stalking, including how to conduct an investigation that protects the safety of the parties and promotes institutional responsibility. In addition, the Investigators shall not have a conflict of interest or bias for or against any parties involved in the potential policy violation. The College shall have a sufficient number of employees trained to investigate and resolve complaints alleging a violation of this Policy, so that a substitution of Investigators can occur in the case of a conflict of interest or recusal. Generally, two Investigators are assigned to investigate a report of sexual misconduct or interpersonal violence.

- **When the respondent is a student.** Two investigators will be appointed from the pool of trained investigators.
- **When the respondent is a faculty member.** The Vice President for Academic Affairs & Dean of the Faculty, who also serves as the Title IX Deputy Coordinator for Faculty, will serve as a trained investigator with a second investigator from the pool of trained investigators.
- **When the respondent is a staff member.** The Executive Director of Human Resources, who also serves as the Title IX Deputy Coordinator for Staff, will serve as a trained investigator with a second investigator from the pool of trained investigators.

When the formal complaint resolution procedure is initiated, the assigned Title IX Deputy Coordinator will meet with the complainant and respondent individually to provide an overview of the procedure and inform them of their rights, and a Notice of Investigation (NOI) is sent to both parties. In the NOI, the complainant and respondent shall receive notice of the alleged violations of the Non-Discrimination and Non-Harassment Policy and the Community Standards, and notice of the Investigators conducting the investigation.

During the investigation, the Investigators will seek to interview the complainant, the respondent, and any witnesses named by either party or witnesses, and the Investigators will review any relevant documents or physical evidence submitted by all parties or obtained by the College. Interviews will generally take place in person, but arrangements can be made with the Title IX Coordinator’s approval for interviews to occur by phone or other electronic means. All parties involved in an investigation will receive timely notice regarding all interviews or meetings at which they may be present.

The complainant and respondent may have an advisor present with them during interviews and meetings conducted during the investigation, and may also provide written statements, submit questions that they believe should be asked by the Investigators to each other or to any witness, identify or present statements from fact witnesses, or submit any other evidence the Investigators deem relevant.

The College will take appropriate measures to preserve any evidence, and the parties are expected to do the same. All parties are expected to provide as much information as possible in connection with the investigation, and the College will protect the privacy of the participating parties and witnesses. The College will maintain documentation of the investigation and reserves the right to audio record any interviews or meetings that occur as part of an investigation, but the participating parties are not permitted to record such interviews or meetings.

The College’s ability to investigate a particular situation, or the extent of the investigation in any given situation, may be affected by any number of factors, including whether the complainant is willing to file a complaint or to consent to an investigation, the location where the alleged conduct occurred, the relationship of the alleged respondent to the College, and the College’s access to information relevant to the alleged or suspected violation of this Policy. The College is nonetheless committed to investigating all alleged and suspected violations of this Policy to the fullest extent possible under the circumstances.

**At any point during the investigation, the respondent may elect to accept responsibility for all or part of the alleged violations.** If the respondent chooses to do so, the Investigators may still complete the investigation to ensure that all relevant information has been documented, or the Investigators may consult with the Title IX Coordinator to complete the Final Investigative Report at that time and move the case to the appropriate sanctioning official. All investigations will be conducted in a thorough and neutral manner.

i) **Investigative Report.** The Investigators will prepare an Investigative Report outlining the information discovered in the investigation and minimally containing the following:
A timeline of the investigation process
The alleged policy violations within the Non-Discrimination and Non-Harassment Policy and/or the Community Standards (which may be amended from the alleged violations in the NOI to include any new policy violations discovered in the course of the investigation)
Summaries of interviews with the complainant, respondent, and witnesses
A presentation of facts and analysis of consistencies and inconsistencies in the information collected
An appendix containing relevant information collected, including any physical evidence, electronic records, written statements, photographs, and/or forensic evidence and the supporting documentation

Before the report is finalized, each party will have the opportunity to review a summary of their own interview in the presence of one or both of the assigned Investigators. At this review meeting, the parties may submit any additional comments, evidence, or suggested factual corrections to the Investigator(s). Photos or copies of documents presented at this review meeting are not permitted. Upon the receipt of any additional information from the parties, or if a party fails to attend their scheduled review meeting with the Investigator(s), the Investigators will finalize the summary of each party’s interview for the Investigative Report.

Prior to a decision regarding the findings of responsibility being made, both the complainant and respondent will independently have the opportunity to review and respond to the Investigative Report in the presence of the Investigators. After both parties have had the opportunity to review and respond to the Investigative Report, the Investigators will typically meet with or correspond with each party one final time to provide an opportunity for each party to respond to the totality of the Investigative Report. Photos or copies of the Investigative Report are not permitted.

Resolution.

When the **respondent is a student**, the Investigators will amend the Investigative Report to become a Final Investigative Report that includes their decision, using the preponderance of the evidence standard, regarding outcomes related to each of the alleged violations of the Non-Discrimination and Non-Harassment Policy or the Community Standards. Each alleged policy violation will result in an outcome of “responsible” (it is more likely than not that the respondent did violate the Policy or Standards) or “not responsible” (it is more likely than not that the respondent did not violate the Policy or Standards).

Within five (5) calendar days of the Investigators determining the outcome of the investigation, the Investigators will provide the Final Investigative Report to the Assistant Dean of Students/ Director of Community Standards to assign sanctions if there are findings of responsibility. The sanctioning official may extend the time period for rendering a decision and sanction, so long as both parties receive notice and a reason for the extension. The Investigators will then notify the complainant and respondent, simultaneously and in writing, of the outcome, any sanctions issued, the date the sanctions will be in effect, and information regarding the appeal process. The Title IX Coordinator will also receive a copy of this written notice of outcome and sanctions.

When the **respondent is a faculty member**, the Vice President for Academic Affairs & Dean of the Faculty and a second Investigator will determine if a violation of the Non-Discrimination and Non-Harassment Policy occurred, and the Vice President for Academic Affairs & Dean of the Faculty will determine an appropriate sanction, other remedies, or corrective action. The Investigators will notify the complainant and respondent, in writing, of the outcome, any sanctions/remedies/corrective actions issued, the date these will be in effect, and information regarding the appeal process. The Title IX Coordinator will also receive a copy of this written notice.

When the **respondent is a staff member**, the Executive Director of Human Resources and a second trained Investigator will determine if a violation of the Non-Discrimination and Non-Harassment Policy occurred, and the Executive Director of Human Resources will determine an appropriate sanction, other remedies, or corrective action. The Investigators will notify the complainant and respondent, in writing, of the outcome, any sanctions/remedies/corrective actions issued, the date these will be in effect, and information regarding the appeal process.
process. The Title IX Coordinator will also receive a copy of this written notice.

iii) **Sanctions, Remedies, and Corrective Actions.** Sanctions assigned to students for violating the Non-Discrimination and Non-Harassment Policy include:

- **Written Warning:** An official notice to a student that their behavior was inappropriate and violated the Code of Conduct, Housing and Residence Life Policies, Non-Discrimination and Non-Harassment Policy, or another relevant College policy.

- **Educational Assignments or Training:** These are designed to encourage students to reflect upon their behavior; learn about specific topics that relate to their previous behavior; identify harm made to self, another person and/or the community; and explore how they could change their behavior in the future. Educational Assignments or Training may include completion of reflection assignments, educational papers, bulletin boards, workshops, online training courses, campus involvement challenges, counseling services or workshops, or other event attendance.

- **Meeting with a College Administrator:** Students may be asked to meet with a College administrator either one time or on a regular basis to establish constructive connections to the College and to identify academic, co-curricular, and personal goals to be a positive member of the campus community.

- **AOD Care Meeting:** In instances where a student is found responsible for severe alcohol intoxication or impairment from other drug use resulting in concern for a student’s wellbeing that requires medical transport, students may be asked to attend an Alcohol and Other Drug (AOD) Care Meeting with a designated Staff Clinician in Counseling Services. The purpose of this meeting is for the student to reflect upon their prior alcohol or other drug use and identify strategies to modify future use.

- **Loss of Privileges:** Students who have been found responsible for a violation of College policy may temporarily or permanently lose certain privileges that are otherwise afforded to them. Examples include restrictions on guests in on-campus housing and on access to certain campus facilities, programs, or services (such as the shuttle, specific residence halls, fitness center, etc. or losing parking privileges, the ability to participate in or hold leadership positions in certain student organizations or activities, loss of student employment, etc.). In some cases, a student may be reassigned to a different housing assignment as part of this sanction or may not be permitted to represent the College in student leadership opportunities, athletic events, or other co-curricular involvement.

- **Fines:** Monetary costs intended to deter students from violating College policies and are charged to a student’s account with the College.

- **Restitution:** Monetary compensation required of students who have damaged, destroyed, misused, or stolen College, public or private property. The amount charged to a student’s College account is commensurate to the cost to repair, replace, clean, or otherwise account for the property affected.

- **Housing Probation:** Housing probation is a formal notice that a student’s behavior or repeat behavior has been detrimental to themselves or the residential community. During the housing probation period, which is minimally one semester but can last up to two years, a student is expected to demonstrate behavior that aligns with the institution’s mission and values and upholds community standards of the College. Continued misconduct during the probation period may result in removal from housing.

- **Removal from Housing:** Requires a student to vacate their assigned residence hall room, apartment, or house by a specified date and time and return all College-issued keys and access cards. Removal from housing can be for a specified length of time or may be permanent removal, and can include revocation of access to all College residential facilities.

- **Student Organization Sanctions:** Any sanction may be modified and applied to recognized student organizations and certain sanctions may only apply to student organizations. For example, an organization’s national representatives, officers, and/or advisors may be notified of the incident. Serious, repeat misconduct by a student organization may result in the organization being suspended or terminated. Either of these sanctions prohibit the organization from recruiting new members, organizing current members, or acting in any organized manner aligned with the organization’s mission.

- **College Probation:** Probation is a formal notice that a student’s behavior or repeat behavior has been detrimental to themselves or the College community. During the probation period, which is
minimally one semester but can last until graduation, a student is expected to demonstrate behavior that aligns with the institution’s mission and values and upholds community standards of the College. Continued misconduct during the probation period may result in suspension or expulsion from the institution. Students on probation may not study away during their probation period.

- **Suspension**: College suspension involves the temporary separation of a student from the College for a specified period of time not to exceed two years, with the understanding that the student may return to the College in good standing at the completion of the suspension period after meeting any other conditions of the suspension. A suspended student may not participate in courses, activities, campus employment, or any other privileges typically afforded to an enrolled student. A suspended student may be expected to meet with the Assistant Dean of Students or their designee to request reinstatement and have holds removed on their student account to re-enroll for courses.

- **Expulsion/Dismissal**: Dismissal from the institution, commonly known as expulsion, means permanent termination of student status at the College. Expulsion may include forfeiture of all rights and degrees not actually conferred at the time of dismissal; permanent notation of the dismissal on the student’s disciplinary record; withdrawal from all courses; and forfeiture of tuition and fees. An expelled student may not access any College property without express permission obtained in advance from the Assistant Dean of Students or the Executive Director of Security and Emergency Management.

Outcomes assigned to staff or faculty for violating the Non-Discrimination and Non-Harassment Policy include:

- Restrictions on accessing certain buildings or areas of campus
- Participating in performance improvement/management process
- Suspension from employment, with or without pay
- Termination of employment with the College
- Outcomes for faculty and staff are carried out in accordance with Human Resources Policy 2.61.

The designated sanctioning official may impose any sanction(s) from the above list that are fair and proportionate to the outcome determined for each alleged violation. The sanctioning official may refer to the respondent’s record of past violations of the Non-Discrimination and Non-Harassment Policy or Community Standards to determine appropriate sanctions for the present violation(s).

Where appropriate, the College will also take reasonable steps to remedy the harm to the complainant. Additional corrective actions for the complainant may include, but are not limited to, support services and accommodations such as Campus Security escorts, counseling and medical services, and academic or residential accommodations and support. The College will also take appropriate remedial action to eliminate any hostile environment and prevent its recurrence. Corrective actions and remedies at the level of the College may include, but are not limited to, providing and/or requiring counseling and training, developing educational materials and other programming for the campus community, implementing revised policies and procedures, and undertaking climate surveys and other mechanisms to identify and address patterns of violations.

The College may disclose to the complainant information about any sanctions or corrective actions taken that relate directly to the complainant (e.g., a no contact order). Under no circumstance will the complainant in matters involving an alleged violation of the Policy that involves sexual misconduct or interpersonal violence be required to abide by a nondisclosure agreement that would prevent disclosure of the outcome. In instances where the College is unable to take disciplinary or other corrective action in response to a violation of this Policy because a complainant requests confidentiality or for some other reason, the College will nonetheless pursue other steps to limit the effects of the conduct at issue and prevent its recurrence.

c) **Appeal Process.** Either party may appeal the Investigators’ determination and/or the sanction(s) issued by the sanctioning official. Appeals will only be considered on the following grounds:

- The existence of procedural error significant enough to alter the outcome;
• The existence of new and significant evidence which was not reasonably available at the time of the initial investigation and would likely alter the outcome
• The sanctions imposed are substantially disproportionate with the violation(s)

Mere disagreement with the decision is not grounds for appeal. In any request for an appeal, the burden to demonstrate procedural error, new evidence, or a disproportionate sanction lies with the party requesting the appeal.

An appeal must be a written request and include any available supporting documentation that is emailed to the Title IX Coordinator within five (5) calendar days of receiving the Investigators’ determination or the written notice of the sanctions, whichever is later. Should a party fail to submit an appeal to the Title IX Coordinator within these five (5) calendar days, the original determination and any sanction(s) assigned will be considered final.

All appeals initiated by faculty respondents will be administered consistently with appeal procedures provided in the Faculty Manual. If any responding party wishes to have a sanction suspended pending the outcome of the appeal, they may so request at the time of the appeal. It is within the sole discretion of the Title IX Coordinator to grant a suspension of the sanction pending an appeal determination and to invoke necessary interim remedies and measures during this period.

i) Appeal Notice and Decision. After receiving a timely request for appeal, the Title IX Coordinator will forward the appeal and the supporting documents to the appropriate Appellate Officer. All Appellate Officers will receive 8-10 hours of annual training regarding issues related to the College’s policies and the resolution of, and other issues related to, sexual harassment, sexual assault and sexual violence, dating and domestic violence, and stalking, including guidelines for conducting appeals.

• When the respondent is a student, the Appellate Officer is the Vice President for Student Affairs/Title IX Coordinator.
• When the respondent is a faculty or staff member, the Appellate Officer is the Vice President for Business and Finance.

Within five (5) calendar days of receiving the appeal and supporting documentation, the Appellate Officer will determine if the appeal satisfies the grounds for appeal. If the Appellate Officer determines the appeal does not meet one of the grounds for appeal, the Appellate Officer may deny the appeal without further consideration, and the original outcome and any sanction(s) will be considered final. Both parties will be notified simultaneously and in writing of this determination.

If the Appellate Officer determines the appeal does satisfy one of the grounds for appeal, the Appellate Officer will notify both parties of the eligible appeal, and the non-appealing party will receive a copy of the original appeal and have the opportunity to submit a written response to the Appellate Officer regarding the appeal within five (5) calendar days of receiving the determination of an eligible appeal.

The Appellate Officer will review the Final Investigative Report, the final outcome letter from the Investigators, and any documentation submitted by the appealing and non-appealing parties. The Appellate Officer may:
• Uphold the original outcome and sanctions
• Remand the case to the original Investigators for consideration of new evidence, issuance of a new Final Investigative Report, and new outcome decision
• Appoint new Investigators to conduct a new investigation if significant procedural error occurred
• Assign new sanctions or adjust the original sanctions to be more proportionate to the violation(s)

The Appellate Officer will deliver, in writing, the outcome of the appeal and the rationale for the decision to both the complainant and respondent within five (5) calendar days, including results from any appeal conducted pursuant to provisions of the Faculty Manual. Appeal decisions by the Appellate Officer are final.

12) Training, Prevention, and Education
   The College will provide the following educational programming designed to promote the awareness of sexual
harassment, sexual assault and sexual violence, domestic violence, dating violence, and stalking.

a) **Primary Prevention and Awareness Programs.** The College will provide primary prevention and awareness programs for all incoming students and new employees that include the following:

- A statement that the College prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking, and a description of the College’s policies that prohibit this conduct;
- The definition of consent, in reference to sexual activity, as defined under Illinois law and under College policy;
- The definition of domestic violence, dating violence, sexual assault and stalking under Illinois law;
- Safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault or stalking against a person other than such individual;
- Information on risk reduction to recognize warning signs of abusive behavior and how to avoid potential attacks;
- The possible sanctions or protective measures that the College may impose following a final determination of a College complaint resolution procedure regarding allegations of sexual misconduct or interpersonal violence;
- The procedures that a complainant should follow if sexual misconduct, domestic violence, dating violence, sexual assault or stalking has occurred;
- The procedures for College disciplinary action in cases of alleged domestic violence, dating violence, sexual assault or stalking;
- Information about how the College will protect the confidentiality of complainants, including how publicly available record keeping will be accomplished without the inclusion of identifying information about the accuser or victim, to the extent permissible by law;
- Information about existing counseling, health, mental health, victim advocacy, legal assistance and other services available for student and employee complainants, both on campus and in the community; and
- Information about options for, and available assistance in, changing academic, living, transportation, and working situations, if so requested by the complainant and if such accommodations are reasonably available, regardless of whether the complainant chooses to report the crime to Campus Security or local law enforcement.

b) **Ongoing Prevention and Awareness Campaigns.** The College will also provide ongoing prevention and awareness campaigns for students and employees that include and expand upon the information covered in the primary prevention and awareness programs. Ongoing prevention and awareness campaigns include passive programming events on campus, in-person training, supplemental online training, guest speakers, and other educational opportunities.

13) **Consensual Amorous Relationships**

At the core of the College’s mission is an implied responsibility of trust and ethical behavior in every relationship in which a College faculty member, staff member, or administrator has a supervisory, evaluative, or advisory relationship with a student or another faculty member, staff member, or administrator. Conflicts of interest can arise in a consensual romantic and/or sexual relationship (i.e., “amorous relationship”) because of the power differential that often exists between the parties to such relationships. Such relationships can present serious ethical concerns about issues such as validity and consent, sexual harassment, and unfair treatment by others. As a result, such relationships can have a negative effect on the parties involved and the entire Elmhurst community. Although consensual amorous relationships do not necessarily constitute sexual harassment, such relationships may be problematic or even give rise to allegations of sexual harassment or other inappropriate conduct if, 1) a consensual relationship ends and one of the parties continues behavior that is unwelcome by the other party, and/or 2) a consensual relationship creates an unfair, hostile, or intimidating learning or work environment.

Therefore, this policy places certain limitations and restrictions on consensual amorous relationships and imposes certain obligations on the party in such relationships who has the supervisory, evaluative, or advisory authority. The College strongly discourages all employees from participating in consensual amorous relationships with students or other employees whenever a “professional relationship” (as defined below) between the parties exists. For purposes of this policy, “employee” includes all College faculty, staff, and administrators. “Professional relationship” is a relationship that involves the exercise of supervisory, evaluative, or advisory authority, including but not limited to teaching, grading, academic advising, mentoring,
coaching, supervision, making decisions relating to employment or financial support, or other oversight over campus business or activities.

- No employee may have a professional relationship with a student with whom the employee is having or has recently concluded a consensual amorous relationship.
- In addition, employees are strongly discouraged from engaging in consensual amorous relationships with other employees with whom they have a professional relationship.

If a consensual amorous relationship exists or has existed between an employee and a student or other employee with whom the employee also has a professional relationship, the employee in the supervisory, evaluative, or advisory role must report the relationship to the Executive Director of Human Resources, the Vice President for Academic Affairs & Dean of the Faculty, or the Vice President for Business and Finance. The College will then determine what action is appropriate, including whether the duties giving rise to the reporting employee’s professional relationship with the student or other employee will be reassigned. An employee’s violation of this policy may lead to disciplinary action, up to and including termination of employment at the College.

Retaliation against any person who reports concerns about consensual amorous relationships is prohibited and constitutes a violation of this Policy. Questions regarding this Policy may be directed to the Executive Director of Human Resources, the Vice President for Academic Affairs & Dean of the Faculty, or the Vice President for Business and Finance.

14) Changes in These Procedures. The College reserves the right to make adjustments and changes in this Policy (Sections 1-13) at any time.

15) Prohibition against Disability Discrimination and Reasonable Accommodations Policy
As noted in the general Non-Discrimination and Non-Harassment Policy statement set forth above, the College does not discriminate against individuals on the basis of physical or mental disability. To ensure equal access to its programs and activities, the College is committed to providing reasonable accommodations, including appropriate auxiliary aids and services, academic adjustments (inside or outside the classroom), and/or modification to the College’s policies and procedures, to qualified individuals with disabilities, unless providing such accommodations would result in an undue burden or fundamentally alter the nature of the relevant program or activity. The College’s Coordinator for Access and Disability Services is responsible for determining appropriate accommodations in conjunction with the student and other College representatives, as appropriate.

Coordinator for Access and Disability Services

Dr. Linda Harrell
Learning Center, A.C. Buehler Library, 135
Elmhurst College
190 Prospect Avenue
Elmhurst, IL 60126
Phone: (630) 617-6448
Fax: (630) 617-3387
disability.services@elmhurst.edu

Applicants for admission to the College or current students requesting an accommodation should do so in writing. The College may also ask for documentation from a professional regarding a student’s condition, the impact the condition has on the student’s ability to participate in the College’s educational or other programs, and any suggested accommodations. The College may request only information that is relevant and reasonably necessary to determine whether an individual has a disability, the nature and extent of the disability, and appropriate reasonable accommodations.

All completed forms and supporting documentation must be submitted to the Coordinator for Access and Disability Services. To enable the College to evaluate an individual’s needs, engage in an interactive process with them, and provide appropriate reasonable accommodations in a timely fashion, the College requests that individuals complete and submit the required forms and supporting documentation as far in advance as possible before the first day of classes or as soon as practicable under the circumstances. At Elmhurst College, students must request accommodations each semester.
The College will make its determination on an individualized, case-by-case basis with input from the individual requesting accommodation, the Coordinator, faculty, and administrators, as necessary. Except in unusual cases, the College will reach a determination regarding an individual’s request for accommodation and notify the individual in writing of the determination within three (3) weeks of their properly submitted request. In the event that requested accommodations have been denied, the College’s determination letter will inform the individual of the reason(s) and of their right to appeal the College’s determination. The Coordinator will maintain a confidential file regarding all requests for accommodation containing the forms and supporting documentation submitted by the applicant or student, any relevant communications (including notes of oral communications) between the individual and the College, the determination letter from the College to the individual, and the reason(s) for any denials. Any disagreements between an individual requesting accommodation and the Coordinator for Access and Disability Services regarding appropriate accommodations and/or any allegations of violations of this policy may be raised to the Vice President for Academic Affairs & Dean of the Faculty.

16) Pregnant and Parenting Students
As included in the Statement Against Discrimination, Harassment, Retaliation, and Intimidation in this Policy, pregnant students are afforded equal opportunity and protection against discrimination and harassment. Title IX of the Education Amendments of 1972 also prohibits discrimination on the basis of sex, which extends to pregnancy and parental status in educational programs and activities. Under Title IX, pregnant students are permitted to continue participating in classes and co-curricular activities and can request reasonable adjustments or accommodations to continue class or co-curricular participation.

Students who are pregnant are treated as students who have temporary medical conditions. Pregnancy, childbirth, false pregnancy, termination or loss of pregnancy, and recovery from birth are viewed as justification for excused absences or a leave of absence deemed medically necessary by the student’s physician. Pregnant and parenting students with medically necessary absences will be granted reasonable accommodations to make up missed work, attendance, or graded class participation (e.g. assignments, projects, papers, quizzes, tests, and presentations) wherever possible. Reasonable accommodations may include, but are not limited to, excused absences, extended deadlines, make-up test dates, other projects or assignments to replace in-class participation, independent study, online course completion options, or incomplete grades. In addition, pregnant students may have access to accommodations typically provided through the Coordinator for Access and Disability Services. The College also offers a Lactation Room in Memorial Hall 016 for students to utilize if needed.

To receive approval for a leave of absence, a student is expected to follow the Voluntary Leave of Absence Policy as outlined in the Student Handbook and notify the Title IX Deputy Coordinator for Students of their desire to take a leave of absence. Upon the students’ return to the College, reasonable steps will be taken to ensure the student returns to the same academic and co-curricular status as before the leave of absence began. The Title IX Deputy Coordinator for Students will work with a student and the appropriate faculty and advisors to devise an alternative path to completion, if possible, for programs that include clinical rotations, performances, labs, and group work.

Pregnant and parenting students should contact the Title IX Deputy Coordinator for Students to request accommodations, to receive assistance with informing faculty of the need to adjust course expectations, to prepare for a leave of absence, and to plan for a smooth return to the College after a leave ends.

Title IX Deputy Coordinator for Students
Jennifer K. Duffield
Assistant Dean of Students

Appendix

Relevant Terms and Definitions in the State of Illinois

1) Sexual Conduct. The State of Illinois defines “sexual conduct” as any knowing touching or fondling by the victim or the accused, either directly or through clothing, of the sex organs, anus or breast of the victim or the accused, or any part of the body of a child under 13 years of age, or any transfer or transmission of semen by
the accused upon any part of the clothed or unclothed body of the victim, for the purpose of sexual gratification or arousal of the victim or the accused.

2) **Criminal Sexual Assault.** According to the State of Illinois, “criminal sexual assault” occurs when a person commits an act of sexual penetration and:
- Uses force or threat of force;
- Knows that the victim was unable to understand the nature of the act or was unable to give knowing consent;
- The victim was under 18 years of age when the act was committed, and the accused was a family member; or
- The victim was at least 13 years of age but under 18 years of age when the act was committed, and the accused was 17 years of age or over and held a position of trust, authority, or supervision in relation to the victim.

3) **Domestic Violence.** “Domestic violence” is also a crime under Illinois law. Domestic violence is physical abuse, harassment, intimidation of a dependent, interference with personal liberty or willful deprivation but does not include reasonable direction of a minor child by a parent or person in loco parentis. The Illinois Domestic Violence Act of 1986 protects the following individuals from domestic abuse:
- Any person abused by a family or household member;
- Any high-risk adult with disabilities who is abused, neglected, or exploited by a family or household member;
- Any minor child or dependent adult in the care of such a person; and
- Any person residing or employed at a private home or public shelter that is housing an abused family or household member.

“Dating violence” is not explicitly defined in Illinois law. However, under the Illinois Domestic Violence Act of 1986, the term “family or household member” includes spouses, former spouses, parents, children, stepchildren and other persons related by blood or by present or prior marriage; persons who share or formerly shared a common dwelling; persons who have or allegedly have a child in common; persons who share or allegedly share a blood relationship through a child; persons who have or have had a dating or engagement relationship; and persons with disabilities and their personal assistants, and caregivers.

4) **Stalking.** Under Illinois law, a person commits “stalking” when they knowingly engage in a course of conduct directed at a specific person, and they know or should know that this course of conduct would cause a reasonable person to: (1) fear for one’s safety or the safety of a third person; or (2) suffer other emotional distress.

A person also commits stalking when they, knowingly or without lawful justification, on at least two separate occasions follow another person or place the person under surveillance, or any combination thereof, and: (1) at any time transmit a threat of immediate or future bodily harm, sexual assault, confinement or restraint and the threat is directed toward that person or a family member of that person; or (2) place that person in reasonable apprehension of immediate or future bodily harm, sexual assault, confinement or restraint to or of that person or a family member of that person.

A person who has previously been convicted of stalking another person commits stalking if they, without lawful justification on one occasion, (1) follow that same person or place that same person under surveillance; and (2) transmit a threat of immediate or future bodily harm, sexual assault, confinement or restraint to that person or a family member of that person.
Orders of Protection and No Contact Orders

Elmhurst College is not legally empowered to issue orders of protection, but the College will support victims who obtain such orders, and will enforce the orders in collaboration with the Elmhurst Police Department. The Victim Services Unit of the DuPage County State’s Attorney’s Office may assist victims of domestic abuse or other crimes in obtaining an order of protection.

**What is an emergency order of protection (OOP)?**

An order of protection is a civil court order that provides protection for victims of domestic abuse or other crimes. A person can obtain an order of protection on an emergency basis when there is a likelihood of harm or injury by the abuser. Typically, the emergency order of protection is sought after a recent incident of domestic violence. This incident becomes the basis of the petition for the emergency order of protection. Since an emergency order of protection is sought relatively soon, within 72 hours, after a violent incident, a judge will hear the petitioner without the presence of the respondent (abuser). If the judge makes the finding that irreparable harm or injury is likely to occur, then the judge may enter an emergency order of protection for a period of 14 to 21 days.

**What is the difference between an OOP and a "no contact" condition to a bail bond?**

A judge may impose a "no contact" condition to a defendant's bond which prohibits further physical or verbal contact with the victim of the alleged crime. A judge will usually attach a "no contact" or "no harmful or offensive contact" condition to a defendant's bond in bond court. This may occur without the presence of the victim. This condition of the bond will usually remain in effect for the duration of the criminal case. If the abuser violates a "no contact" addendum to the bond, immediately notify the police department and then the State's Attorney's Office, Victim Services Unit at 630-407-8008.

A valid OOP is enforceable by the police. A violation of an order of protection can constitute a criminal misdemeanor offense. The decision to make an arrest lies with the police department. If the respondent violates a valid OOP, the local police should be contacted immediately.

**Where do I go to obtain an OOP?**

Depending on your situation, there are many different places you can go for assistance in filing an emergency order of protection. If the State’s Attorney’s Office is currently prosecuting the abuser for a domestic crime and you are the victim, the State's Attorney’s Office may assist you with filing both the emergency order of protection and extending the order of protection on the hearing date. Contact the Victim Services Unit of the State's Attorney’s Office, Victim Services Unit at 630-407-8010.

If you are the victim of domestic abuse, but there is no pending criminal case in DuPage County, you may still obtain assistance with filing an order of protection. An order of protection that is not attached to another criminal or civil case is called an independent order of protection. Independent orders of protection offer the same protection as OOP’s connected to criminal or civil cases. For information concerning independent orders of protection, contact the court advocacy division of the Family Shelter Service at 630-407-8813.

**What will happen the day I petition for the emergency order of protection?**

The petitioner is expected to write a short statement regarding the incident that led them to file the OOP. This statement should be based on the facts of what occurred and the effects that the incident had on the petitioner or protected parties. The petitioner may also include past incidents if they are foundational to the primary incident.

Once the petition is completed, the clerk will place the emergency order of protection on the court docket and the judge will call the case as soon as possible. The judge will place the petitioner under oath and may ask the petitioner questions based on the verified petition. You will mainly testify to the allegations contained in the petition. The judge will primarily base the decision to grant the emergency order of protection on the written petition and the oral testimony of the petitioner. If the judge grants the emergency order of protection, a future hearing date will be scheduled. This hearing date will be scheduled between 14 to 21 days of the emergency order of protection. Hearing dates are typically scheduled on Fridays. The hearing date will provide the respondent an opportunity to contest the order of protection. An order of protection can be extended for a maximum of 2 years. The judge will return the signed copies to the clerk. The clerk will file the originals and certify the remaining four copies of the order of protection. These copies will be returned to the petitioner.

The victim advocate can assist the petitioner with getting the respondent served with the emergency order of protection with the DuPage County Sheriff’s Department or the county in which the respondent will be served.
**What happens on the hearing date if the respondent has not been served?**
If the sheriff’s office was unable to serve notice to the respondent, the judge cannot enter a plenary (2 year maximum) order of protection. Upon the petitioner’s request the judge can enter an interim order of protection (30 day maximum). An interim order of protection can extend the emergency order of protection and allow another opportunity to serve the respondent. The petitioner must appear on every hearing date to request an interim order of protection or the order will expire and be dismissed.

**Will you know when your protective order is served?**
Register for free phone notification: 1-866-559-8030. VINE Protective Order is a free telephone service that lets petitioners access information about their protective orders. Petitioners can register to be notified when a protective order is served, when the order is about to expire, and when other related events occur. VINE operators are available 24 hours a day to register petitioners, answer questions, and provide information about local victim services.

**No Contact Directives and Criminal Trespass Notices**
In addition to formal orders of protection, Elmhurst College can issue no contact directives prohibiting a student or employee from making contact in any manner with another student or employee, with campus disciplinary action as the penalty for violation of the directive. No contact directives may be issued through the Dean of Students office, the Title IX Coordinator, or by Campus Security. The College can also issue a criminal trespass notice, prohibiting a person from entering College-owned or leased properties, or attending College events on or off campus. Violation of a criminal trespass notice subjects the violator to criminal charges, as the communication issued by the College meets the requirement for advance notice required under Illinois law. Criminal trespass notices are issued by Campus Security, and may be arranged as an interim measure by the Title IX Coordinator in collaboration with Campus Security.

**Information on orders of protection provided by the DuPage County Office of the State’s Attorney.**

---

More information regarding Orders of Protection is available from the County of DuPage website at: [https://www.dupageco.org/CourtClerk/3363/](https://www.dupageco.org/CourtClerk/3363/)
RESOURCE GUIDE FOR SEXUAL MISCONDUCT AND SUBSTANCE ABUSE

Resources designated with an asterisk * are confidential resources available to survivors of sexual violence

CAMPUS RESOURCES

- **Title IX Coordinator:** Frick Center, Room 240 | (630) 617-3050
- **Campus Security:** Lehmann Hall, Lower Level | (630) 617-3000
- **Counseling Services:** Located in the Wellness Center at Niebuhr Hall, Lower Level | (630) 617-3565*
- **Student Health Services:** Located in the Wellness Center at Niebuhr Hall, Lower Level | (630) 617-3565*
- **Student Affairs:** Frick Center, Room 240 | (630) 617-3187
- **Housing and Residence Life Staff:** West Hall, South Entrance | (630) 617-3150

LOCAL RESOURCES

- **Family Shelter Service:** (24 hours a day): 605 E. Roosevelt Road, Wheaton, IL 60187
  - Hotline: (630) 469-5650
  - Non-emergency Number: (630) 221-8290
- **YWCA Patterson and McDaniel Family Center:** 2055 West Army Trail Road, Suite 140, Addison, IL 60101
  - 24-hour Rape Crisis Hotline: (630) 971-3927
  - Non-emergency Number: (630) 790-6600
- **DuPage County State’s Attorney Victim/Witness Services:** (M-F 8am-4:30pm): 505 North County Farm Rd, Wheaton, IL 60187 | (630) 407-8008

STATE RESOURCES

- **Illinois Coalition Against Sexual Assault:** 100 North 16th Street, Springfield, Illinois 62703 | (217) 753-4117

NATIONAL RESOURCES

- **RAINN (Rape, Abuse & Incest National Network):** (800) 656-4673 or visit [www.rainn.org](http://www.rainn.org)
- **The National Domestic Violence Hotline:** (800) 799-7233 or visit [www.thehotline.org](http://www.thehotline.org)
- **Stalking Resource Center:** Victim Connect Number: (855) 484-2846 or visit [http://victimsofcrime.org](http://victimsofcrime.org)

SUBSTANCE ABUSE RESOURCES

- **Alcoholics Anonymous:** Call (630) 833-7897 for the local Elmhurst chapter.
- **Edward-Elmhurst Health Behavioral Health Services:** Call (630) 305-5027 to make an appointment for a free assessment.
- **SHARE:** Call (847) 882-4181 and ask for the “free phone intake.” Inpatient and outpatient alcohol and drug treatment on a sliding fee scale. Usually a waiting list, but will also provide referrals for treatment elsewhere.

*Please note: Other off-campus referrals and resources are available from Counseling Services, located in the Wellness Center, on the lower level of Niebuhr Hall.*
Crime Statistics & Reporting

Campus crime, arrest, and referral statistics include those reported to the Office of Campus Security at Elmhurst College, designated campus officials, and local law enforcement agencies. In an effort to maintain a safe and informed campus community, the College makes every effort to ensure the statistics contained in this report are properly categorized, timely and accurate. The attached reported statistics are provided in compliance with the Crime Awareness and Campus Security Act of 1990, and they cover the time period of January 1 - December 31 of the prior calendar year.

Please note that reported crimes may involve individuals not associated with Elmhurst College, but are included in our reported statistics because they occurred within a designated geographic location that carries a reporting obligation.

Each year, this report is made available to all faculty, staff, and students, and it is posted on the College’s website. Copies of the report may also be obtained in person at the Office of Campus Security.

*Please note the following information regarding Clery statistical data:

- Data reported in the category of “On Campus Student Housing” must also be reported under the “On Campus Property” classification since a Clery reportable crime within a campus residence hall is also considered to be “On Campus Property”.
- Data reported in the classification of disciplinary referrals reflects persons being referred for disciplinary action due to a violation of law and does not include disciplinary action due to a violation of our institution’s policies. Illinois Complied Statues 301/55-15 states: No county, municipality or political subdivision shall adopt or enforce any law that includes being intoxicated as the sole basis of the offense.

REQUIRED REPORTING LOCATIONS

Elmhurst College’s required crime statistics reporting areas are defined as the following:

- **On Campus Property** includes violations of law that occurred on campus property both within and outside of the residence halls.
- **On Campus Student Housing** includes violations of law that occurred in the residence halls within the same reasonably contiguous geographic area of the main campus.
  
  Note: Statistical data reported in this category is also reported under the “On Campus Property” classification (i.e. a Clery reportable crime that occurs within campus student housing, will be counted once in “On Campus Property” and again in “On Campus Student Housing.”)
- **Public Property** includes violations of law that occurred on public property that is within the campus, or immediately adjacent to and accessible from College property (i.e. sidewalks and streets).
- **Non-Campus Property** includes violations of law that occurred at college owned, leased or controlled locations that are not within the same reasonably contiguous geographic area of main campus.

Please note that statistics for otherwise reportable crimes that do not occur within Clery Act-specified geography are not included in these statistics even if Elmhurst College students or employees are involved.
**Two (2) Aggravated Assaults were reported on Public Property with a reporting requirement, but did not involve campus community members.**

1. Hierarchy Rule for Multiple Offenses: When counting multiple Clery Act reportable offenses, the FBI’s UCR Hierarchy Rule is applied. This rule requires that only the most serious offense be counted when more than one offense was committed during a single incident. The hierarchy rule does not apply to incidents involving Arson, Domestic Violence, Dating Violence, Stalking and any incidents involving Hate Crimes. These crimes are always counted in addition to, and regardless of the nature of, any other Clery reportable offenses that were committed during the same incident.

2. For Clery Act reporting purposes, the standard for unfounding a reported crime is very high. A crime may only be classified as “unfounded” after a full investigation by sworn or commissioned law enforcement personnel. A crime is considered unfounded for Clery Act purposes only if sworn or commissioned law enforcement personnel make a formal determination that the report is false or baseless. In 2016 the “Unfounded by PD” classification was moved to its own column for each reporting year to better illustrate which crimes were determined to be unfounded by local law enforcement.

^2Incident involved a perpetrator who stole a vehicle from a victim while displaying a handgun. Neither were members of the campus community.

**Two (2) Aggravated Assaults were reported on Public Property with a reporting requirement, but did not involve campus community members.**
Behind the Numbers

The locations listed below are defined as follows:

- **On Campus Student Housing** includes violations that have occurred inside the on-campus residence halls, apartments and houses used as student residences;
- **On Campus** includes violations that have occurred on campus property, including the residence halls, so incidents in residence halls will be included in both the RH and OC columns;
- **Public Property** includes violations that have occurred on public property adjacent to the College campus, normally sidewalks and roadways;
- **Non-Campus** includes violations that have occurred at college-owned, leased or controlled non-campus locations, including common areas and parking lots at the Nursing Simulation Lab at Elmhurst Memorial Hospital.

*Note: Effective June 2015, the College no longer houses students at Elmhurst Terrace Apartments.*

Alcohol and Drug Law Violation Arrests

Beginning in 2015, the reported number of alcohol and drug law arrests has decreased because most alcohol law violations, as well as minor cannabis possession violations, are now handled by the Elmhurst Police Department as adjudication citations or local ordinance violations. Adjudication citations and local ordinance violations are civil infractions, not criminal arrests. Students involved in incidents resulting in adjudication citations or local ordinance citations will be counted as disciplinary referrals in the statistics.

CRIME DEFINITIONS

Each of the crimes for which statistics are reported is defined below. The definitions are taken from the Federal Bureau of Investigation’s (FBI’s) Uniform Crime Reporting handbook as required by Clery Act regulations.

**Aggravated Assault** - An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

**Arson** - Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, house, public building, motor vehicle or aircraft, personal property of another, etc.

**Burglary** - The unlawful entry of a structure to commit a felony or a theft.

**Criminal Homicide-Murder and Non-Negligent Manslaughter** - The willful (non-negligent) killing of one human being by another.

**Criminal Homicide-Negligent Manslaughter** - The killing of another person through gross negligence.

**Dating Violence** - Any violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

**Domestic Violence** - Any felony or misdemeanor crime of violence committed by:

- By a current or former spouse or intimate partner of the victim; ☐ By a person with whom the victim shares a child in common;
- By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred;
- By any other person against an adult or youth who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

**Motor Vehicle Theft** – The theft or attempted theft of a motor vehicle.

**Robbery** - Taking or attempting to take anything of value from the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

**Stalking** - Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others; or suffer substantial emotional distress.
Weapon Law Violations - The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons.

Drug Abuse Violations - The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs.

Liquor Law Violations - The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of alcoholic beverages, not including driving under the influence and drunkenness.

SEX OFFENSES
For sex offenses only, definitions from the FBI’s National Incident-Based Reporting System (NIBRS) Edition of the Uniform Crime Reporting (UCR) are used.

Sexual Assault
Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

Sex Offenses-Forcible
A. Rape - The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. (The new FBI definition of Rape went into effect January 1, 2013.)

Under the new rape definition, the FBI UCR Program will aggregate three sex offenses in the NIBRS into Rape in Summary for publication in Crime in the United States. The definitions of the offenses are:

- **Rape** (except for Statutory Rape) - The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- **Sodomy** - Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
- **Sexual Assault with an Object** - To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

B. Fondling - The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Sex Offenses-Non-forcible
A. Incest - Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

B. Statutory Rape - Sexual intercourse with a person who is under the statutory age of consent. Note: The age of consent in Illinois is 17 years of age.

Hate Crimes
For hate crimes, definitions from the FBI’s UCR Hate Crime Data Collection Guidelines and Training Guide for Hate Crime Data Collection are used. A hate crime is a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender’s bias against a race, gender, gender identity, religion, disability, sexual orientation, ethnicity or national origin.

Note: Even if the offender was mistaken in his/her perception that the victim was a member of the group he or she was acting against, the offense is still a bias crime because the offender was motivated by bias against the group. It is the perception of the offender, not the perception of the victim that determines whether a crime is classified as a Hate Crime. There must be evidence that the offended was motivated by that prejudice to commit the crime.
Elmhurst College Weapons Policy

While Illinois has enacted the Firearm Concealed Carry Act (430 ILCS 66/65) authorizing properly screened, trained and permitted persons (licensees) to carry a concealed firearm in the state, numerous locations have been designated as “prohibited areas” where firearms may not be carried. College campuses, including Elmhurst College, are specifically identified as “prohibited areas” under the Act. As required under Illinois Law, firearms are not permitted in campus buildings or on property owned, leased or controlled by the College, with the limited exception described below.

A licensee may carry a concealed firearm on his person within a vehicle in a campus parking lot, or stored out of view in a locked vehicle or in a locked container within the vehicle, as specified in the law. Licensees may only exit the vehicle with a firearm to move it from the passenger compartment to the trunk, and may not leave the immediate area with the firearm or delay in securing it. The Act requires that the firearm be unloaded prior to exiting the vehicle.

Elmhurst College has identified College-owned and leased vehicles as “prohibited areas” under the Act. Firearms may not be carried or stored in College-owned vehicles.

Unauthorized possession of a firearm or other weapon, or use or threatening to use a real or simulated weapon, is a violation of College policy, and may result in disciplinary action, up to and including expulsion from the College for students, and termination of employment for faculty and staff, in addition to any criminal charges which may be filed.

The Office of Campus Security is responsible for investigating any actual or suspected weapons policy violations and enforcing the established Concealed Carry restrictions on any campus or property that is owned, leased, or controlled by Elmhurst College. Any questions can be directed to the Office of Campus Security by calling (630) 617-3000 or x3000 from any campus phone.

Hate Crimes Policy

Elmhurst College does not tolerate hate crime activity. A person commits a “hate crime” under Elmhurst College policy when conduct is motivated (at least in part) by the victim or victims’ perceived or actual race, color, creed, religion, ancestry, gender identity, sexual orientation, physical or mental disability or national origin. Hate crimes can include offenses against the person, such as assault or battery; offenses against property, such as theft; damage to property or trespass; and crimes of intimidation, such as harassment.

Hate crimes violate the law. In addition, hate-motivated conduct that violates Elmhurst policies, including but not limited to the Code of Conduct and the Non-Discrimination and Non-Harassment Policy, is subject to disciplinary action regardless of whether the student is found to have committed a crime.

Should anyone witness or experience what they believe to be a hate crime, it should be immediately reported to the local law enforcement agency as well as Campus Security at (630) 617-3000. In case of emergency, call 911 immediately. Even in the case of non-violent offenses, reporting is important to prevent future incidents.
Bias Incident Policy

Introduction
Elmhurst College strives to foster an environment that values, respects, and celebrates the diverse identities represented in its community. The College strives to maintain its value of providing a welcoming community and will address students who seek to intentionally disrupt this effort. Bias incidents may fall below the threshold of violating laws and other campus regulations, but still have an impact on an individual, a subset of the campus community, or the campus community at large. It is important to respond to these incidents in a timely and educational manner while respecting individuals’ right to freedom of speech and expression.

Definition
A bias incident is a discriminatory, hostile, or hurtful act that is or is perceived to be motivated (at least in part) by the person’s or persons’ perceived or actual race, color, national origin, religion, sex, gender identity, sexual orientation, age, disability, citizenship, veteran’s status, pregnancy, marital status, or other protected status. The act can illicit harm to the individual or group and/or create a negative environment for them or the community. A bias incident does not have to be a hate crime or violate College policy to be considered an incident. However, a bias incident can include discriminatory conduct or hate crimes, which may result in response taken through the procedures outlined in the Student Conduct Process rather than the Bias Incident Response protocol outlined below. All bias incidents will be retained for data collection and archived to help track and improve the campus community.

Academic Freedom and Freedom of Expression
According to the Faculty Manual, faculty at Elmhurst College are afforded academic freedom. Academic freedom is important to the pursuit of knowledge in the classroom, in the College community, and in academic disciplines. This policy is not intended to stifle teaching methods or diminish academic freedom or freedom of expression. The protections of academic freedom must be considered in any bias incident reports involving faculty. Additionally, all faculty, staff, and students have a right to freedom of expression, which comes with the responsibility of respecting the rights and dignity of others.

Bias Incident Response Team
If a student experiences or witnesses a bias incident, they have the option and are encouraged to submit a report to the Bias Incident Response Team (BIRT). The BIRT will review and provide recommendations in response to bias incidents that occur within the Elmhurst College community. Specifically, the BIRT team will:
- Respond to students who have been the target of or witnessed a bias incident
- Refer students to appropriate College resources and educate reporters on what to expect from each resource
- Inform the College community about the frequency and nature of bias incidents through annual reports to drive discussion around making Elmhurst more equitable and inclusive

The BIRT will review reported information to determine the appropriate course of action for the person or people impacted by the incident. The BIRT also reserves the right to contact the individual(s) reported to have committed the bias incident to engage in educational conversations or restorative practices if they are willing to do so.

How to Report
Individuals reporting an incident may self-identify or remain anonymous. There are three options to submit a bias incident report:

- Complete the Bias Incident Report form at [http://www.elmhurst.edu/IncidentReport](http://www.elmhurst.edu/IncidentReport)
- Contact Campus Security from an on-campus phone at x 3000 or (630) 617-3000
- Email a member of the Bias Incident Response Team listed below

When submitting a report, it is helpful to provide as much information as possible, including the reporting party, the responding party (the individual reported to have committed the action, if known), witnesses, the date/time/location of the incident, the type of conduct that occurred, and any specific details of the actions.

If for any reason, a reporter chooses to submit an anonymous report, they have the option to do so via the Bias Incident Report form. Please note that anonymous reporting may impact the College’s ability to respond to the report. Any reporter may also request that their identity remain confidential, and the College will take reasonable steps to look into the report while maintaining confidentiality.
Bias Incident Response Protocol
1. Once a report is received, it is received by a member of the BIRT. A copy of the incident will be sent to the Assistant Dean of Students, the Executive Director of Security and Emergency Management, and the Director of Diversity and Inclusion Programs.
2. If the reporting party is known and requests a response, a member from the BIRT will contact the reporting party within three (3) business days to schedule a meeting to discuss the report further.
3. Any individual action or combination of the following actions may result:
   - Support: Offer support via appropriate campus departments, off-campus resources, etc.
   - Inquiry: Gather additional and clarifying information about the reported incident
   - Education: Recommend a community message, campus program, town hall meeting, meeting invitation to the responding party with a member of the BIRT, faculty/staff development or training, etc.
4. If the reporting party does not want a response and follow-up is not possible or necessary, then no further action is pursued and the report will be deemed closed.

BIAS INCIDENT REPORTING

Bias Incident Report Form
Any Elmhurst College community member who experiences or witnesses a potential bias incident between or among campus community members should report using the link above or visit https://cm.maxient.com/reportingform.php?ElmhurstCollege&layout_id=3.
Fire Safety Overview

The Higher Education Opportunity Act (Public Law 110-315) requires academic institutions to produce an annual fire safety report outlining fire safety practices, standards and fire-related statistics for on-campus residence halls. The following public disclosure report details the fire safety related information required by the law.

Elmhurst College maintains a centrally-monitored fire alarm system for on-campus residence halls, academic and support buildings. Campus buildings are equipped with a fire alarm system that is monitored 24 hours a day by an on-campus dispatcher and DUCOMM, the public safety dispatch center responsible for police and fire response in Elmhurst. Upon activation of an alarm, DUCOMM and the Office of Campus Security are automatically and simultaneously notified. DUCOMM dispatches fire department resources to the scene, while College dispatchers alert security patrol officers to assist fire department personnel and to aid in the evacuation of the occupants of the facility.

The use of the term “campus buildings” in this section excludes single-family homes occupied as student residences or College offices, all of which are equipped with standard smoke and carbon monoxide detectors which alarm locally within that structure.

At Elmhurst College, all six traditional on-campus residence halls (Dinkmeyer Hall, Cureton Hall, Niebuhr Hall, Schick Hall, West Hall, and Stanger Hall) are completely covered by an integrated automatic sprinkler and fire alarm system, which is monitored 24 hours per day on a continuous basis. The sprinklers provide fire suppression in student rooms, hallways, restrooms and other common areas, along with trash chutes. The fire alarms activate in the event of water flow from the sprinkler systems or if smoke detectors in the common areas of the building indicate the presence of smoke. The buildings are also equipped with emergency generators that are designed to activate when there is a power loss. These generators will operate life safety systems including all fire safety equipment, sprinkler systems, emergency hallway lighting, emergency exit doors, and lighting in all emergency exit stairwells. In addition, each residence hall room is equipped with a hard wired smoke detector, which is not connected to the building fire alarm system. These detectors will sound an audible alarm locally in the affected room. Fire extinguishers are strategically located throughout the buildings and there are pull stations located near the exits.

Emergency procedures, which include fire evacuation procedures, are posted on the back of each residence hall room door. Fire safety equipment, including extinguishers, emergency lighting, exit signs, and other fire system equipment, is periodically inspected in compliance with the NFPA codes and local ordinances.

Housing and Residence Life staff, including Resident Advisors (RAs), receive fire safety and fire extinguisher training at the beginning of each academic year, coordinated by Campus Security and presented by the Elmhurst Fire Department.
Fire Alarms and Drills

Unannounced fire drills are conducted annually for all residence halls, with a report and an evaluation given to the Director of Residence Life and the Elmhurst Fire Department. These drills are conducted by Campus Security and are typically witnessed by representatives of the Elmhurst Fire Department. Following the evacuation, Residence Life staff check each room to ensure that all residents and guests have vacated the building as required. Any individuals who remain in the building in violation of the evacuation requirement are referred to Residence Life for disciplinary action.

Following an actual fire alarm activation, after the fire department has responded and cleared the building as safe to re-enter, Residence Life staff perform a similar check of all rooms in the building, again to ensure that no one remained in the building in violation of the fire alarm procedure. As a reinforcement to the importance of immediate evacuation during fire alarms, all violators are referred for disciplinary action.

Fire Safety Policies

- Smoking is prohibited by law in any campus building, and smoking regulations are vigorously enforced by Residence Life and Campus Security staff in residence halls.

- Fire safety regulations require that cooking equipment with exposed heating elements, such as popcorn poppers, hot pots, and coffee pots be used in the kitchen areas only.

- No candles, incense, oil lamps, or other types of open flames, nor any fuel, gasoline, propane, lighter fluid, charcoal or fireworks/pyrotechnics are allowed in the residence halls.

- Hallways and stairwells may not be used as storage areas, and fire exits may not be obstructed at any time.

- Overloaded electrical outlets are not permitted; however UL-listed strip plugs with surge suppressors are allowed. Cords may not be run under carpeting, nor may they obstruct walkways.

- No objects or decorations may be hung from the sprinkler heads or pipes, fire extinguishers, or other life safety equipment.

- Holiday lights must be UL-listed and in good condition. Other holiday decorations must be non-combustible. Only artificial trees are permitted.

Fire Safety Inspections

All campus buildings are inspected annually for compliance with fire codes by the Elmhurst Fire Department. Elmhurst College routinely passes these inspections with few minor findings, and any findings are promptly resolved. Violations are copied to the office responsible for management of the affected area or building, and that office is responsible for correcting the deficiency and preventing repeat findings of that violation. In addition, Elmhurst College Facilities Management staff conduct environmental tours of all campus buildings, including residence halls, to check for safety and maintenance issues which can be addressed on a proactive, preventative basis.

Residence Halls as well as students’ rooms are subject to inspection by Residence Life staff to ensure that regulations are met. Students found in violation will be reported to the Office of Residence Life. Violations of fire safety regulations will be adjudicated by the Vice President of Student Affairs or the Director of Residence Life and may result in fines or other sanctions, including removal from the residential community.
## Fire Statistics

*As reported to the Office of Campus Security*

**False Alarm** = The fire alarm system was intentionally activated when no fire or danger existed, or the system malfunctioned.

**Unwanted Alarm** = The fire alarm system was activated as it was designed to do, though the ultimate cause of the alarm was false. Examples include smoke detectors activated by dust, or nuisance alarms caused by careless cooking which did not result in a fire. Accidental pull station alarms are also included in this category.

The letter “H” after a building name or address indicates that the building is a single family house used as a student residence.

The single most frequent cause of unintentional fire alarm activations is careless cooking which generates smoke, particularly microwave popcorn and microwave macaroni and cheese.
