

Requirements for Nursing 2023– 2024

More than ever, the healthcare profession depends on highly educated nurses to provide expert nursing care and management. At Elmhurst, you'll develop not only a full range of cutting-edge skills, but also the imagination, flexibility and compassion you'll need on the front lines of patient care.

Elmhurst nursing graduates are awarded the Bachelor of Science degree in Nursing (BSN). They are then eligible to take the National Council Licensure Examination (NCLEX), which enables them to receive their licenses as registered nurses (RNs).

The Elmhurst University Nursing program requires an application separate from that for admission to the university. This guide provides details on the application process and the program requirements. The prerequisite courses are listed in the back along with their course equivalencies at many of the area's community colleges. For additional information about the transfer process please reach out to the Office of Admission.

Admission Requirements for Nursing Program

Transfer Students must meet the following criteria in order to be considered for admission to the nursing program:

- i. A cumulative grade-point average of 3.2 or higher
- ii. All 12 prerequisite courses completed by the end of the spring term immediately preceding the fall term start of the nursing program. Summer terms prior to the fall start terms will not be used to complete prerequisites.
 - A. A 2.8 or greater science combined grade-point average overall. All science prerequisites completed (BIO 107, 108, 221, CHM 101 and 103); **Students may only repeat one of these courses to remove a W or improve a grade of C or lower.**
 - B. Completion of non-science prerequisite courses. These courses are: ENG 105 (Composition 1), ENG 106 (Composition 2); PSY 210 (Intro to Psych), PSY 315 (Lifespan Development), PSY 327 (Abnormal Psych), one college-level mathematics course, one statistics course. **Students may repeat only one of these courses to remove a W or improve a grade less than C. (Student may not repeat a grade of C for the non-science prerequisite courses).**
- iii. A passing score of 75% on *each area* of the HESI Admission Assessment (A2) or TEAS exam. Sections required are: Reading, Math, and Anatomy & Physiology
- iv. Completion of the nursing application for the Department of Nursing and Health Sciences and other required supplemental materials (a personal statement and two letters of recommendation from professors). Please refer to the nursing website at www.elmhurst.edu/nursing for full instructions.
- v. A letter of recommendation from the director(s)/dean(s) of all nursing programs previously attended. This applies to those who have completed courses or are currently enrolled in nursing courses.

Frequently Asked Questions:

1. Q: When is the deadline to apply to the Nursing program?

A: January 19, 2024

2. Q: Is the Nursing program offered in the fall and spring?

A: The nursing program has a fall start only

3. Q: How many prerequisites should I have done in order to apply?

A: The nursing department prioritizes candidates based on GPA, number of prerequisites completed and grades earned in prerequisite courses. It is required to have at all 12 prerequisites completed or in progress at the time of application. They should be completed by the Spring term prior to the Fall start term. Summer terms prior to the fall start terms will not be used to complete prerequisites.

4. Q: How can I sign up to take the HESI exam at Elmhurst University?

A: To sign up for the HESI exam at Elmhurst University email Laura Brennan at brennanl@elmhurst.edu. The HESI exam is offered in November, December and January on Elmhurst University's campus.

5. Q: Do I have to apply to the Nursing program and Elmhurst University separately?

A: Yes, admission to Elmhurst University is separate from admission to the nursing program. You will need to submit an application to Elmhurst University to be considered for admission to the University in addition to your nursing application. Admission to the University does not guarantee admission to the nursing program.
