

Master of PUBLIC HEALTH

BECOME A LEADER IN PUBLIC HEALTH

Help Build a Healthier world

Concentration in Public Health Leadership & Innovation

As the first of its kind, the Elmhurst MPH in Public Health Leadership and Innovation is designed to prepare you to lead public health organizations by offering fresh approaches to persistent problems. Situated within a liberal arts university known for innovation, the program will equip you with the skills needed to craft multidisciplinary solutions that make a meaningful difference in the health of your community.

We Believe Your Education Should Be Student-Centered

At Elmhurst, we put you first. The way we see it, our sole purpose is to provide you with a high-impact, high-value education. Our mission is to equip you with the skills and connections you need to achieve your goals in both your career and life. Thrive in classrooms small enough to offer personalized attention and opportunities for real-world problem-solving.

The Right People on Your Side

Elmhurst faculty are experienced industry leaders who are dedicated to expanding your reach with fieldwork, connections and hands-on experience.

Thrive in a Health Career

The field of public health offers a wide range of career options:

- Biostatistician
- Epidemiologist
- Community health worker
- Health care administrator
- Environmental health specialist
- Public policy administrator
