

Sexual Misconduct Campus Climate Survey

Elmhurst University is dedicated to fostering a campus community free from harassment and discrimination of any kind. The purpose of the University's *Sexual Misconduct Campus Climate Survey* is to measure the perceptions of and experiences with sexual misconduct and the University's response to allegations of sexual misconduct. The results of the survey will be used to guide policies to encourage a healthy, safe, and nondiscriminatory environment at Elmhurst University and help improve educational resources and assistance. Preventing and remedying sexual misconduct is essential to a safe environment in which our students can effectively learn and thrive. **The survey is completely anonymous and voluntary, and your individual responses will be confidential.**

Because we know your time is valuable, we are providing incentives for participation. If you complete the survey by December 2, 2024, you will be eligible to enter a prize drawing for one of ten University Spirit Shop gift cards in the following amounts: \$20 (10 gift cards available). The grand prize of the drawing is a **\$200 gift card to the University's Spirit Shop**. The information you provide for the drawing will not be connected to your survey results. To reiterate, the survey is anonymous.
